

PEACE HOPES REVEALED AS ITALY, FRANCE, BRITAIN AGREE ON YEARS OF AVERTING AFRICAN WARFARE

WHISPERING DRIVE SUPPORTED BY AID OF UTILITY LEADER

Advertising Man's Suggestion To Defeat F.D.R. by Innuendo Campaign Termed "Pertinent" in Letter From Official.

OFFICER REPORTS PLANS UNDER WAY

Hope for Compromise on Holding Company Bill Revived by Hint of Senators' Change of Stand.

WASHINGTON, Aug. 2.—(AP)—A letter from a utilities official calling E. P. Cramer's program for destroying the New Deal "very pertinent" today started the senate lobby committee on a drive to fix responsibility for the recent whispering campaign against President Roosevelt.

As a part of his program, Cramer, a New Jersey advertising man, suggested the utilities launch a "whispering campaign" designed to create popular suspicion that the New Dealers and especially the New Dealer-in-Chief are either incompetent or insane.

F. D. R. Not Surprised. Asked at his press conference if he would comment, President Roosevelt first replied in the negative. Then he smiled, lighted a cigarette, and said that probably the least surprised man in the United States at that testimony was himself. He did not expand on what he meant by that remark.

The President added he hoped the utilities bill would be enacted at this session, but declined to say whether he would insist on the clause for compulsory abolition of holding companies, declaring that was too much of an if question.

Suggestions "Pertinent." From the files of the Electric Bond & Share Company the committee obtained a reply to Cramer's letter, signed by G. U. Walker, assistant to the chairman, C. E. Grovesbeck. It apologized to Cramer for the delay in answering him, termed his suggestions "very pertinent," and promised they would be taken up "in more detail" in a few days.

Grovesbeck, in a statement yesterday, said he had never heard of Cramer. He denounced the idea of a whispering campaign as "too ridiculous" and said neither he nor any of his associates would "tolerate" such a proposal.

F. D. R. Won't Sue. Other developments today in the fast-moving Washington lobby and utilities arena included: An indication from the White House no criminal action would be taken against Cramer, though legal experts held the libel law might be applicable.

Signs the senate conferees on the utility holding company bill would agree to the utility ultimatum and leave Ben Cohen, PWA attorney, out of their conferees, in an effort to salvage the administration bill.

An indication the house rules committee would compete with the senate investigations in the search for H. C. Hopson, missing "master mind" of the Associated Gas & Electric System.

Patton Probe On. A flat denial before the house committee by Norris Shoop, nephew of Representative Patton, democrat, Texas, that he had said the box his uncle carried from the hotel room of J. W. Carpenter, Texas power company head, did not contain cigars.

Another Warm Day Expected Here; Rains Will Bring Week-End Relief

Reported Heat Deaths for the Summer in Fourteen Central States Reach 149; Nebraska, Kansas, Missouri and Oklahoma Were Super-Heat States.

By The Associated Press. The sweltering southwest hopefully watched cooling showers and breezes edge in yesterday from less torrid areas to the north.

Though Atlanta has not had temperatures nearly as high as the southwest, approaching rains from the midwest yesterday promised relief from the heat here.

Predicting that the mercury in the thermometer would reach 95 again today, George W. Minding, meteorologist, said that it will be partly cloudy all day and that showers will probably fall here this afternoon.

Rains are moving toward Atlanta rapidly and will in all probability break the heat wave here over the week-end. Yesterday's temperature range was from 74 to 95 degrees. Low this morning will be about 74, also.

While the southwest had another day of limp collars and damp brows, the east recovered from severe wind and electrical storms and north-central states enjoyed rain-cooled air. It even snowed in Montana.

Hot as is the weather this summer, midlanders found some solace in con-

GRAND JURY ENDS 'PARASITE' PROBE NEW VICE SQUAD TO BE APPOINTED

Investigation of County Affairs Closes After All Witnesses Are Heard. Bridges and Sturdivant Consider Personnel of Police Raiding Group.

End of the grand jury's investigation into county affairs came yesterday as the subcommittee headed by R. I. Barge, secretary of the jury, questioned Commissioner Ed L. Almand and Judge Luther Z. Rosser, chief judge of the municipal court.

Report of the committee to the full body of the jury will probably be made at the regular session Tuesday, it was said.

Whether or not special recommendations will be made before the customary presentations are published was not announced.

It was understood that Almand, who is chairman of the public works department of the county, was questioned closely about the work and administration of the department this year.

Land purchases also were scrutinized by the subcommittee yesterday, one of the plots in question being a farm located near Alpharetta, it was believed. Prices paid for land by the county was understood to have been the subject of investigation, also.

Judge Rosser appeared before the probing committee at his own request and it was believed that he deprecates the role in salary received by municipal court judges this year. He is also understood to have told the jurors that no unnecessary employees have been added to the department. Twelve men have left the municipal court department in the last four years and only eight were hired to replace them, he is said to have told the committee.

O. H. Puckett, chief clerk of the court, was recently called before the investigating committee. Said it was noted that he was questioned about the salaries of employees of the court.

The investigation, which has taken months, was started when Commissioner George F. Longino, leader of the minority faction, charged that the majority faction is rapidly wrecking the county's financial setup through waste and extravagance. He

GERMANY DENIES REPORTS OF RIOTS, WARNS REPORTERS

New and Wider Definition of Treason Given as First Anniversary of Hitler Reign Is Observed

BERLIN, Aug. 2.—(AP)—A new and wider definition of treason, start of a campaign to restrict foreign correspondents and a statement from the propaganda ministry that it is "self-evident" that in Berlin and the entire Reich "there is complete order" marked the first anniversary today of Adolf Hitler's rise to supreme leadership in Germany.

On a half-dozen fronts the Nazi government's actions included these developments.

A campaign by the German propaganda ministry against foreign correspondents who incur its displeasure claimed as its first victim today Ernest Klein, of the Basle, Switzerland, Nachrichten, a Protestant newspaper. He was ordered out of Germany within five days.

While pilgrims from all parts of the Reich flocked to the Tannenberg memorial to pay, on the first anniversary of Paul von Hindenburg's death, their respects to the wartime marshal's memory, a new definition of treason was outlined by Roland Freisler, state secretary for the ministry of justice. It was a complicated but apparently to this effect: That any opposition to the Nazi party, by direction or indirect action, amounts to the crime of treason or breach of faith with the specificity to Germany, who owe allegiance, but added that foreigners who offend in the same respects expose themselves to severe penalties.

On their day of remembrance, which is also the day of Adolf Hitler's assumption of supreme leadership, the Nazi leaders not only asserted that peace and order, but also took steps to preserve it against "state enemies," against Germany, who owe allegiance, and against foreign misadventurers. Foreign correspondents generally

ZENGE IDENTIFIED IN BAUER SLAYING COUNT ROAD AID URGED BY EDITORS

Four Witnesses Declare Young Missourian Fled From Scene of Crime.

CHICAGO, Aug. 2.—(AP)—Mandeville Zenge, towering young Missourian, was identified by four witnesses as the man who fled from the scene of the fatal manslaughter of Dr. Walter J. Bauer.

Captain Daniel Gilbert announced that Charles Masell, nightwatchman at a parking lot near the alley where the professor was brutally mutilated with a pen knife early Wednesday, and Herman Eichner, a seafarer who was bowled over by the fugitive, were positive in pointing out Zenge.

He also reported that Harold and Herman Anderson, filling station attendants, had stated Zenge resembled the man who rolled a car bearing Dr. Bauer into their driveway and then vanished in the night.

Bout the four youth reticence denied knowledge of the death of the doctor who had wooed and won the girl prisoner had courted for seven years.

An anonymous tip led to his arrest on a far West Side street early today. He gave a fictitious name. His father, a farmer from Canton, Mo., was brought to the state attorney's office for a dramatic meeting. A sob in his voice, the elder Zenge cried: "Yes—that's Mandeville."

Father Pleads With Son. "Tell the police everything," the parent pleaded. "If you are innocent of this awful thing, talk. We believe in you."

But the moody suspect declined to admit his identity until shown a photograph of Mrs. Louise Bauer, the brunette who killed Zenge on July 14 to marry Dr. Bauer. Lieutenant Otto Erlanson reported Zenge burst into tears when he saw the picture.

Mantel, Eichner and the Anderson brothers made their identifications late in the day. Then John Giannini, a cab chauffeur, identified Zenge as the patron he drove to Navy pier Wednesday night.

Giannini previously had told police his fare vanished in the lake-front Agency announced.

The fliers got away in their low-winged monoplane after intermittent rain, which had threatened to delay the hop, from an unannounced air field.

Accompanying Levanefsky were George Balducci, copilot, and Victor Lichanko, navigator.

Before taking off on the 6,000-mile flight, Levanefsky said if all went well they expected to be in San Francisco about 5 a. m. Monday.

HOUSE BEATS OFF ALL AMENDMENTS TO NEW TAX BILL

Only Question of Taking Larger Slice of \$50,000 Income Remains; Vote Assured for Monday.

WASHINGTON, Aug. 2.—(AP)—Swiftly rejecting a series of amendments, some of them radical, the house today all but agreed upon that section of the \$270,000,000 tax bill that would boost rates on individual incomes over \$50,000 a year.

A final decision on that point in the wealth tax measure was postponed until tomorrow. But after the closing of debate on the bill, the rapidity with which amendments were voted down today indicated little possibility of an upset which would change the measure as reported by the ways and means committee.

Would Raise 45 Million. In brief, the bill would raise from 30 to 31 per cent the tax on that portion of an individual's income between \$50,000 and \$56,000. It then would step up rates all along the line until a maximum of 75 per cent, against the present 59, was reached on all income over \$50,000.

This section of the bill is officially estimated to raise an additional \$45,000,000 a year.

The house ended its day's work after a seven-and-a-half-hour session. Heated debate occupied most of the day, with republicans launching political attacks on the administration and the measure, and democrats defending it.

Adjunctive leaders were able to gain an agreement to meet at 30 a. m. tomorrow, two hours earlier than usual.

The understanding, however, was that only amendments would be considered tomorrow and a final roll call vote postponed until Monday.

Reject Amendments. In hearing final approval of the new individual income surtaxes, the house rejected 11 amendments. They ranged all the way from a proposal to put a levy of 90-1-2 per cent on all

ATLANTA TO BUY TOLMADGE FLAYED BY NEWT MORRIS

Court Asked To Approve Sale of Butler, Pa., Company to R. S. Evans.

PITTSBURGH, Aug. 2.—(UP)—Liquidation of the assets of the American Austin Car Company of Butler took a decisive step forward today when R. O. Gill, liquidating trustee and former president, petitioned federal court for authority to sell the plant to R. S. Evans, of Atlanta, Ga.

Gill revealed that he received a bid of \$5,000 last week from Evans, who has set up an elaborate sales organization which faces utter destruction unless the manufacture of parts and accessories is resumed soon.

It also was believed likely that the contemplated construction of a 1936 streamlined automobile, although confirmation of that was not forthcoming, Evans said.

As trustee, Gill was authorized to meet current pay roll obligations amounting to \$15,000 from funds on hand and accounts receivable.

NEGOTIATIONS FOR PLANT WERE BEGUN MONTHS AGO. Mr. Evans, president of Evans Motors of Georgia, Inc., several months ago began negotiations for the closed Austin plant. His attorney, W. A. Ward Jr., about one month ago filed preliminary papers in federal court at Pittsburgh.

Mr. Evans announced at that time that the new company would manufacture an automobile in the price range of the Austin, but that the construction would be considerably different, with modernization of body and motor construction and appearance.

The new car, providing the sale of the property is approved, will not be ready for marketing until well into 1936, Evans said.

The book value of the plant at Butler, Pa., is \$2,000,000.

Relief Delay Blamed On McCarl by F.D.R.

WASHINGTON, Aug. 2.—(AP)—President Roosevelt today put the responsibility for a fortnight's delay in work-relief projects upon General J. R. McCarl, but said he had agreed to expedite procedure.

When the outspoken McCarl, who has retorted expenditures proposed by four administrations, made the promise, the President did not say he was a guest on a presidential fishing party last week-end.

So far the President has released \$137,992,518 of the \$400,000,000 work-relief appropriation to Harry L. Hopkins' Works Progress Administration, but others, including \$40,000,000 for New York city, have been held up in McCarl's office for detailed study.

New Romance of Prince Mdivani Is Revealed by His Death in Auto

Mysterious Blonde Companion in Tragedy, Hovering Near Death, Disclosed To Be Baroness Von Thyssen, Houseguest With Alexis at Spanish Home.

GERONA, Spain, Aug. 2.—(AP)—Rumors of another romance involving Prince Alexis Mdivani, one of international society's most colorful figures, rode with him into death today.

The 31-year-old Georgian prince, erstwhile husband of Barbara Hutton and Louise Astor Van Allen, was killed last night when the roadster he was driving at high speed hurtled off the road and turned over twice near this village last night.

A woman with him, not identified until today as the 28-year-old Baroness Maud von Thyssen, was seriously injured. Late today she was still unconscious, her life in the balance.

Rumors linking Prince Mdivani with the baroness began circling after the accident but Jose Sert, Spanish painter and husband of Prince Mdivani's sister, who flew here from Genoa, Italy, would not comment upon them.

Arriving here, Sert conferred with Gaston Berger, former first deputy, and Charles Parmentier, former French minister, friends of the prince, and afterwards announced the injured woman's identity.

The three men then proceeded to Palamos on the Mediterranean coast, where Mdivani and Baroness von Thyssen had been house guests at the

palatial Sert residence for the last week. They said arrangements for Mdivani's funeral would be completed tonight.

It was disclosed the prince's chauffeur had gone ahead to Perpignan to arrange for his baggage to be sent to Paris en route to Germany.

When Mdivani and his companion failed to arrive, the chauffeur rented an automobile, took the Perpignan-Palamos highway back toward Palamos. He discovered the prince's wrecked automobile and found the body had been taken to an undertaking establishment at Albons. There he identified the body as that of Mdivani and notified Senora de Sert.

At 5 p. m. today the beautiful blonde baroness, who was residing at Perpignan, had been unconscious nearly 38 hours. Her skull was fractured and an emergency operation was performed. Physicians said chances for her were about even.

Absence of identification papers balked earlier efforts to establish her identity.

Her description, however, tallied with that of the noblewoman, with sharply chiseled features, with whom

ATLANTA TO BUY TOLMADGE FLAYED BY NEWT MORRIS

Former Supporter of Governor Breaks Because of Attack on Roosevelt.

Judge Newt A. Morris, of Marietta, delivered a scathing attack on Governor Talmadge by radio from 8 to 8:30 o'clock last night.

The attack is most significant as heretofore Judge Morris has been one of the strongest supporters of the Governor, being a member of both of the last two state conventions in which he was one of the leaders of the Talmadge forces.

Judge Morris takes umbrage at Governor Talmadge's attack on President Roosevelt.

His address follows: "In making this address to friends, taxpayers, and the radio audience throughout the state, I want everyone of you to understand to begin with that I am a democrat. The first vote I ever cast was when I voted for Governor Grover Cleveland in 1888. From that good day down until now, I have openly supported the democratic party; and in voting I have never scratched the nominee of the party for whom I voted."

There will be no transition with the resolution saying the arbitrators may well take into consideration that the main points of the conflict of the draft resolution to transmit the text of the draft resolution to the arbitrators and receive Ethiopia's reply.

Earlier it had been disclosed that the three nations were in virtual agreement on ways to avert war in Africa, although details of the plan were not disclosed.

Procedure Outlined. The Associated Press learned tonight the delegates plan to issue three official documents tomorrow. The first will be a resolution concerning the formal resumption of the arbitration of the Talmadge incident.

There will be no transition with the resolution saying the arbitrators may well take into consideration that the main points of the conflict of the draft resolution to transmit the text of the draft resolution to the arbitrators and receive Ethiopia's reply.

Both Laval and Eden tonight said they felt the Ethiopians would accept the program of procedure tomorrow.

THREE-POINT PLAN CALLS FOR PARLEY ON DISPUTE SEPT. 4

Women of Ethiopia Plead for Right To Fight for Homeland; Sabotage Is Hinted as Two Italian Subjects Die in Wreck.

IL DUCE ADAMANT ON PLANS ABROAD

English Cabinet Offers to Join French in Guaranteeing Rome's Colonial Boundaries in Africa.

GENEVA, Aug. 2.—(AP)—A three-point agreement among Italy, France and Britain as to methods for settling the Italo-Ethiopian dispute without war was announced tonight by Captain Anthony Eden, of Great Britain.

The three points are: 1. Arbitration will be resumed by setting in motion peace machinery provided in the 1928 Italo-Ethiopian treaty of friendship. A fifth, neutral member will be added to the existing Italo-Ethiopian conciliation commission.

2. England, France and Italy will hold a conference somewhere in France as soon as possible to discuss possibilities of a broad political settlement of the Italo-Ethiopian dispute.

3. A meeting of the League of Nations council to consider the whole subject will be held September 4. At the council meeting next month, Eden explained, Italy will refrain from voting and from taking part in the discussions.

Public Session Stated. A public session of the council probably will be held tomorrow night, the young British secretary for League of Nations affairs said, the postponement having been decided upon in order to give the Ethiopian delegation time to transmit the text of the draft resolution to the arbitrators and receive Ethiopia's reply.

Earlier it had been disclosed that the three nations were in virtual agreement on ways to avert war in Africa, although details of the plan were not disclosed.

THREE POWERS AGREE ON ARBITRATION

Continued From First Page.

visers were authoritatively reported ready to impose martial law in the capital if need be, to guarantee order, guard against espionage and control the wild tribesmen rushing to answer yesterday's call for recruits.

Still another major problem faced the king of kings in militant women demanding the right to bear arms against Italy in the event of war. A leading spokesman, the would-be feminine warrior, Wolzore Asagadach, daughter of Commander Dedjazmach Haptemekel, urged her sisters to follow her into battle, and announced:

"I will organize and lead my own army of women."
"The women must fight today just as our mothers and grandmothers fought and conquer the same fates as Africa 40 years ago—and fight I mean with rifles, spears and knives, not just nursing and cooking."

A protest by the Italian legation was understood to have been the death of the Dodecanese in the train derailment, which tied up traffic along the somewhat rickety line all through the day. Stones on the rails caused the wreck.

Determined to keep intact Ethiopia's claim to the sea, the emperor detailed picked troops to guard bridges spanning the enormous chasms along the way to Djibouti.

Repression of the assassination of Lidi Farada, acting governor of the province of Tchercher, excited government officials, but it was not believed the slaying was connected with the Italo-Ethiopian situation.

MASS FLIGHT TO AFRICA PLANNED BY ITALIANS

ROME, Aug. 2.—(P)—Plans for the greatest mass flight in history, with at least 50 bombing planes flying to Africa, were disclosed today by naval circles, shortly after authoritative assertions had been heard that Italy would not let the League of Nations intervene in her program in the region of Ethiopia.

The flight of the bombing fleet to Africa would exceed both in distance and in number of planes the longest trip made by Balbo's squadron in its mass flight of 25 planes to the United States in 1933. The longer trip, which lasted 15,000 miles, from Iceland to Labrador.

The planes, it was understood, would take off from the Italian air base in September and fly without armaments, thereby averting any question of a political issue with any neutral countries over the use of the aircraft.

Although informed quarters said Italy was determined to follow her definite policy in the Ethiopian affair without interference from the League, other sources expressed optimism that some definite avenue leading to peace might be found as a result of the Geneva negotiations.

Authoritative quarters expressed the belief the Geneva deliberations would not lead to a settlement of the dispute.

The government-inspired Giornale d'Italia, in a special edition tonight, said Italy's real friends are not among the nations of the world who demonstrate their neutrality in event of hostilities by abstaining from supplying arms and war materials to either side.

Controlled press, silent on the Geneva situation, today lashed out at Sir Samuel Hoare's speech on the Italo-Ethiopian issue before the house of commons yesterday, terming his remarks "inauspicious and irresponsible."

(Sir Samuel told the commons the Italian situation was exceedingly grave, promised Britain would exhaust every possibility of peace and welcomed the United States condemnation of war.)

A government spokesman, after saying Hoare's speech showed the British government had "an incomplete comprehension" of the situation, declined to discuss details of Italy's objections to the Franco-British peace plan evolved at Geneva.

BRITAIN WOULD UNITE WITH FRANCE ON PEACE
LONDON, Aug. 2.—(P)—A British proposal to join France in guaranteeing Italy's colonial boundaries in Africa went forward to Anthony Eden at Geneva today, to be considered in Eden's efforts to avert an Italo-Ethiopian war.

Sir Samuel Hoare, foreign secretary, acting with unwonted speed on the suggestion put forward by Sir Herbert Samuel, leader of the liberal opposition in parliament, telegraphed a new proposal to Britain's young secretary for League of Nations affairs.

Informed quarters said Eden, though he had not yet acted upon the offer, was ready to pull it out of his diplomatic kitbag at a moment's notice. It was made known the cabinet had not instructed its envoy to press the matter.

Bank Robbed of \$900.

LAKE MILLS, Wis., Aug. 2.—(P)—Two men who carried five employees and customers with revolvers robbed the Bank of Lake Mills shortly after it opened today. They fled with approximately \$900.

Group Asks Governor To Pardon Angelo Herndon

A group of writers, headed by Alfred Hirsch, of New York, who said he was secretary of the National Committee for the Defense of Political Prisoners, asked Governor Talmadge to pardon Angelo Herndon, negro sentenced to 18 to 20 years under the state's anti-insurrection law, during a conference with the chief executive yesterday. In the group (left to right) are Bruce Crawford, of Norton, Va.; Emmett Gowen, of La Vergne, Tenn.; Miss Shirley Hopkins, of Truro, Mass.; Hirsch and Governor Talmadge. Associated Press photo.

Writers, Appealing for Herndon, Resent Legion's 'Racket' Charge

Fixing August 8 as a deadline for production of proof before charges of Kenneth Murrell, commander of a local Legion post, that they are in "a gigantic racket for communists," a group of writers last night left for the east.

The group previously had visited Alabama and charged they were fired from an automobile bringing a statement from Governor Bibb Graves of that state that the reported shooting was for "public purposes."

They visited Alabama in protest against Birmingham's city ordinance against distribution of radical literature and were on their way to see the Governor at Montgomery when the shooting occurred. They went to Nashville and came to Atlanta Thursday night.

Called on Governor. The group called on Governor Talmadge requesting a pardon for Angelo Herndon, negro communist, convicted in Cincinnati, convicted and sentenced to prison for inciting insurrection under an ancient law which made such action a capital offense.

During their interview with the Governor the charge that the writers are touring the country "making statements that are not true and collecting money for the communist party" was made by Murrell, who added: "Governor, these people are in the most gigantic racket in the United States."

Asked for Proof. "We asked you for proofs of your charge," they wrote Murrell, "that the four of us (Shirley Hopkins, of Truro, Mass.; Bruce Crawford, of Norton, Va.; Emmett Gowen, of La Vergne, Tenn., and Alfred Hirsch, of New York) are in a racket."

The letter said the group would not consult attorneys until after the August 8 deadline regarding possible court action.

Murrell's remarks in the Governor's presence started an excited exchange between the Legion officer and Hirsch, spokesman for the writers. He is secretary of the National Committee for the Defense of Political Prisoners.

Challenges Statement. "This word 'racket' you used—what do you mean?" asked Hirsch. When the Legion commander expanded the charge, Hirsch shot back, "That's not true and I challenge you to furnish the proof."

Murrell promised to compile proof of his "racket" charge and present it to the group "even if I have to go to Indiana to get it."

Later Atlanta lodges of Elks and of the United Spanish-American War Veterans adopted resolutions condemning the Legion officer and his associates organizations for the fraudulent efforts in circulating petitions for signatures seeking Herndon's release.

Herndon was convicted in January, 1933, on an accusation that he was attempting to incite an insurrection to establish a negro communist republic in areas of Georgia, South and North Carolina, Alabama and Mississippi. He was given 18 to 20 years but is out under bond.

Resident Hirsch, in the group of writers were Miss Shirley Hopkins, of Truro, Mass.; Bruce Crawford, of Norton, Va., and Emmett Gowen, of La Vergne, Tenn.

"Misinformation," says Hirsch. "Resisting efforts to free Herndon, A. L. Henson, designated as a Legion representative, put in Hirsch, told Talmadge the visitors were informed as to the Herndon incident. The writers contended he was convicted for 'leading an orderly demonstration' of radical literature."

Following the hearing with Talmadge, Murrell and Hirsch had another verbal tilt in which the Legion commander asked:

"Aren't you listed in the Red Network?" This publication is an alleged expose of communism.

"Yes, I am—and so is Mrs. Roosevelt (wife of the President)," Hirsch returned. "But I am not a red."

Resident Hirsch said he would look further into Herndon's case. He asked for its complete history and dismissed the visitors with the remark he was "not a red" but "a political victim" but that written "commands" for him to free Herndon would get no results.

Threats Letters Received. Talmadge has received several threatening letters about the matter, he said.

The Governor, whose office at the state capital was jammed with newspapermen and spectators, agreed with Crawford the Herndon case "looks like" it belongs in the category of a political conviction.

JUDGE NEWT MORRIS ATTACKS TALMADGE

attacks have been repeatedly made by the Governor not only in this state, but throughout the nation; and the object of this address is to undertake the job of replying to these attacks for and, in many instances, abusive attacks.

"I believe that President Roosevelt, from the day he took the oath of office, has put his strength, heart, and soul unflinchingly into the duties of the position he occupies, and has rendered his services to his country and to his people with a devotion and faithfulness to help the people of this nation. When any president does that, he has done all that he can do; and he has done it with a heart and a soul that is worthy of the respect, confidence, and honor of the people of this country."

"I call your attention to the fact that for many months Governor Eugene Talmadge has left the duties of the position that he, as Governor, was elected to, and in public addresses, not only in this state, but in various sections of the nation, also in state-wide and national addresses, he has abused, ridiculed, belittled, and denounced President Roosevelt and also the national democratic party, and he has done so with a persistence and a determination that is worthy of the respect, confidence, and honor of the people of this country."

that men and women wanted to work in various textile industries through out the country. He never loses an opportunity from doing so by strikers in these industries, and that you, through the aid of military, restored peace and let the men and women work in these industries. I am not fusing with you about this. I think you were right about it. But what right have you to denounce and criticize President Roosevelt for his democratic congress, when they were confronted with thousands of emergency agencies, for doing the very thing that you condemn your own state for doing from your platform and promises of expenditures because an emergency confronted you?

"You are always quoting Scripture in your speeches, Governor. In this address, I am going to quote some Scripture that you have evidently taken great pride in advertising the fact and giving out interviews to the effect that while he was making his speeches up in the New England States, he received a tremendous applause from the republicans. Georgians, let me call your attention to the fact that the New England section of the country was a republicanism was born and where it has existed for many years. They know that under the leadership of President Roosevelt, their party has been destroyed. It is perfectly natural for these old-line republicans to applaud a southern governor elected by democratic means when he goes into that section and denounces, ridicules, and abuses a democratic president. Here and now, as a democrat and Georgian, I would like to see you make a speech from the governor of our state which will never win my vote again for any office under any circumstances."

"I have been voting for democratic presidents for nearly half a century, and I say to my fellow Georgians, I have voted for the man who has been the only president, democrat or republican, who has earnestly and honestly fought the battle of the farmers, the laboring man, and the middle man in the interest of a square deal; and at the same time, he has tried to do an injustice to any other class of citizen. Every honest man knows that conditions of every character in this state have made wonderful progress and improvement under President Roosevelt's leadership. Just as certain as fate can be read, the men and women voters of Georgia are going to vote for the man who has been the only president, democrat or republican, who has earnestly and honestly fought the battle of the farmers, the laboring man, and the middle man in the interest of a square deal; and at the same time, he has tried to do an injustice to any other class of citizen. KEY PLAYS ALDERMEN FOR FINANCE IMPASSE

Mayor, Returning From Vacation, Raps Board for Salary Stand.

Mayor Key returned to Atlanta yesterday after an ocean voyage and played the aldermanic board for the impasse between the finance committee and the board over the latter's insistence that \$27,500 be set up to reinstate salary cuts of city employees.

"I think it would be a good thing for the people of Atlanta to get a good picture of the board in action," the mayor said, commenting on the most recent developments in the controversy.

"Atlanta taxpayers have not had a real opportunity in recent months to witness the leadership, or rather the lack of it, in that body. The fact that the finance committee has been served notice no allocations will be approved by the board until salaries of employees have been dealt with is an indication of the caliber of the board. It has definitely decided that necessary and emergent appropriations to various city departments, including hospitals for the care of afflicted citizens, will not be allowed."

The mayor appeared to be much improved in health as a result of more than a week out of the city. He asserted he has given little thought to city affairs, but indicated he has kept in touch with local matters through press reports.

Key vetoed the \$27,500 salary reinstatement measure and the council sustained his action by a small margin. The mayor pointed out that the city faces an actual deficit in anticipations already made for the year and it could not at this time afford to make any substantial contribution to salaries.

Arked by the action of the mayor and the sustaining vote of council, the aldermen at the last meeting of that body refused to approve four finance committee papers calling for a total allocation of about \$1,750. One of the items was to purchase medicines at the contagious disease hospital.

In addition it instructed Mayor Pro Tem, Ed A. Gilliam, presiding over the board, to notify the finance committee it would approve no further diversion from the accounts from which the \$27,500 was to come until the salary restoration is allowed.

MOTION TO QUASH INDICTMENT MADE

Costly and Clark Defense
Contents Pruet Not a
Federal Officer.

Contending that the charge of "shooting a federal officer" was incorrect on the theory that Thomas A. Pruet, of the federal alcohol tax unit, is not strictly a "federal officer" because he was not appointed by the President or the head of a governmental department, attorneys for J. Hudson Costley and Robert Clark, negro, asked that the indictment be quashed in federal court here yesterday. Judge E. Marvin Underwood, after hearing arguments from both sides, took the question under advisement and reserved his decision until Monday.

Costley and Clark have been on trial all week. Pruet was shot by Costley when he attempted to seize a load of whisky. It is the contention of the defense that the whisky did not belong to Costley and that he shot in self-defense, believing he was attacked by hijackers.

Pruett was wounded seriously but after a long stay in the hospital recovered.

Friday was consumed with argument on the motion of quashing the indictment and with the presentation of character witnesses by the defense while Lawson Baker, negro, from whom the A. T. U. officers said they purchased the whisky testified Costley had no interest in the liquor.

The trial will be continued when court reopens this morning.

MT. GILEAD REVIVAL TO START TOMORROW

The centennial celebration of the Mount Gilead camp meeting, near Ben Hill, will bring several preachers here to conduct revival services which start tomorrow.

Dr. Lovick P. Law, evangelist of Si-loam Springs, Ark., will be the principal speaker. He will be assisted by Rev. A. D. Houghlin, Rev. C. S. Forster and Rev. R. L. Russell, providing elder. Hundreds are expected to attend tomorrow's services, it was announced.

A special musical program will be under the direction of Charlie Tillman and W. M. Sheets will lead an orchestra. Mount Gilead camp meeting was established in 1834 by the Rev. John M. Smith.

FULTON RESIDENTS READ MANY BOOKS

Fiction Is Most Popular
Among New Members of
Carnegie Library.

Many Fulton county residents availed themselves of the opportunity to borrow books from the Carnegie Library, which was opened to them on July 1 under the same privileges granted residents of Atlanta. Seven hundred and twenty-seven Fulton residents joined the system, borrowing a total of 2,472 books.

The main library was first in popularity with the new members, the English Avenue branch and the Oakland City branch also attracting many. Fiction was the choice of a majority with books dealing with the fine arts, science and political economy next in order.

Most of those joining the library are high school students, officials said.

"Since Fulton county residents have the same privileges as residents of Atlanta, there is no limit to the number of books they may borrow and these books may be drawn from either the main library or any of the branches, it was said.

William A. Lynn, of Ben Hill road, has been named by the county commissioners as a member of the library board to represent Fulton county.

ARMY PROMOTIONS TO AFFECT 11 HERE

Bill Signed by President Advances Men at Local Posts.

Under terms of the army promotion bill signed this week by President Roosevelt, at least 11 officers at Fort McPherson and other army headquarters here will be advanced in rank. While a complete list of the promotions has not yet been released by authorities in Washington, the following advancements were compiled from records at the headquarters here:

At corps area headquarters five lieutenant colonels will be given the rank of colonel. They are Ralph R. Glass, Thomas K. Lowe, Napoleon W. Riley, Owen S. Albright and Benjamin M. Bailey. Major Ira T. Rader becomes a lieutenant colonel and Captain Ernest C. Bomar is advanced to his colonelcy.

At Fort McPherson four infantry officers get promotions. Major Joseph B. Pate becomes a lieutenant colonel, Captain David E. Barnett becomes Major Barnett, Captain Henry W. Robinson likewise achieves the rank of major and First Lieutenant William L. Burbank is made a captain.

Promotions are effective as of August 1 and announcement of further changes in rank will be made at local headquarters as they are received from Washington.

ARMY ORDERS

WASHINGTON, Aug. 2.—Army orders: The following officers are appointed as members of promotion examining board to meet here: Colonel Alexander J. Miller, Jr., cavalry; Colonel George Harst, infantry; Colonel Fred H. Turner, national guard bureau (infantry); Major John W. Watts, medical corps; Captain Otto G. Trunk, air corps, recorder.

Chaplain John K. Bodel, to Fort Monro; Chaplain Nathaniel A. Jones, to Mitchell field.

HIGH'S presents the NAIL POLISH of the STARS

HERE'S the nail polish you've been hearing so much about—made popular by stage and screen stars. Moon Glow Nail Polish is a new blend—applies more smoothly, sets more luxuriously. In six fine shades, from the delicate to the daring in CLEAR or CREAM. Scientifically perfected so as not to chip, peel, crack, fade or streak. And economical—larger size bottle, lower price.

ATLANTA, GA., AUGUST 3, 1935.

THE PEACH REHABILITATED

Ten years ago peach growers in Georgia, despairing of making dividends from the lands on which their orchards were planted, cut down peach trees by the hundreds of thousands and put their acres to other uses.

Extensive orchards both in north and central Georgia, which bore fruit that in both flavor and texture was the superior of peaches produced in any other section of the country, were put to the ax because their products were, as a rule, not bringing enough to pay for packing and freight charges.

Then the Georgia Peach Growers' Exchange came to the rescue of the remaining growers through the seeking of new markets and the routing of the crop in a manner to avoid the glutting of the principal markets responsible for the ruinously low prices that had brought loss, instead of profit, to the producers of the state.

During the following years the Georgia peach crop, despite steadily increasing acreage in orchards, has proven during most seasons a bonanza to the growers.

According to W. C. Bewley, general manager of the exchange, this year's crop has brought more than \$4,000,000 to the growers, a total of 10,000 cars of fruit having been shipped to the various markets throughout the country. As a result, he points out, "business has been stimulated throughout the peach section, old debts have been paid and new farm equipment and automobiles bought."

Faced with disaster, the peach growers of Georgia have fought their way back to prosperity through co-operative production and marketing—and the producers of a half dozen or more other fruit and vegetable crops for which Georgia's soil and climate is peculiarly suitable, can do the same thing.

Every year thousands of luscious watermelons rot in the fields of the state because the returns received from them are not enough to pay the harvesting and shipping costs. There is a way out for the melon producers just as there was for the peach growers.

No state in the country is better suited to the growth of tomatoes than Georgia, and yet this vegetable is one of the minor crops of the state. What can be done if it is co-operatively grown and sold has been convincingly demonstrated by a group of growers in several south-east Georgia counties, among whom the tomato is now the most important "money" crop.

Georgia can be made the most important agricultural state in the Union, but the only way this goal can be reached is through intelligent planting and co-operative marketing.

IF YOU LIVED IN SPAIN

With the thermometer touching the 90's for three successive days, the whirling of electric fans and the tinkling of ice in glasses have become familiar sounds in Atlanta. But suppose you lived in Spain, where on Tuesday a temperature of 120 in the shade was registered, where laborers dropped in their tracks and mills had to be closed.

Or in Kansas City, where the suffering populace arose, after stifling nights, to a temperature of 98 and from which point the thermometer started on a climb to 105. Or in Topeka or Lincoln, where the temperature reached 106 and 105, respectively.

In Asia, Shanghai suffered and sweltered with both temperature and humidity in the neighborhood of 100, while Tokyo and Yokohama

World's Window

BY PIERRE VAN PAASSEN.

Disaster in Ceylon.

Thirty thousand children died of malaria and malnutrition on the island of Ceylon in the four months ending on January 31 of this year. The actual number of deaths since that time is kept a strict secret by the authorities. Eighty per cent of the children on that island are too weak to go to school, owing to under-nourishment. And yet, although there is hunger, there is no famine on Ceylon, no shortage of food, and plenty and to spare for all. Still tens of thousands of human beings are feeding on grass and on leaves from the trees. Such was the ghastly news brought back to Paris from a trip to the far east and the Antipodes by Egon Friedl, one of the greatest living journalists.

Mr. Kisch said that he was stupefied at the conditions he found in Ceylon. He said that he had seen a child who had been starved to death by one of the British soldiers because they had been ordered to shoot any child who was not in uniform. He said that he had seen a child who had been starved to death by one of the British soldiers because they had been ordered to shoot any child who was not in uniform.

So, Mr. and Mrs. Atlanta, don't kick about the heat. It only makes you hotter.

Instead keep in the shade during the few hours in which the temperature toys with the 90's and then bask in the coolness of the nights and the early mornings that prove that the people of Atlanta live in the best all-the-year-round climate in the world.

THE CARNAGE KEEPS UP

A slight improvement—2.4 per cent over last year—in the number of persons killed in automobile accidents in the United States was registered during the first six months of this year, the National Safety Council reports.

Despite this improvement, a tragic total of 15,030 men, women and children met death from January 1 to July 1 on the public thoroughfares, which means that every 20 minutes during the day and night some life was snuffed out somewhere in America as the result of careless or reckless driving.

It is estimated by the Safety Council that this total will be swelled to 35,000 by January 1, 1936, the last six months of the year always recording more accidents, chiefly because of the large attendance upon football games in the fall, than the first half of the year.

To the 15,000 homes to which automobile fatalities have brought tragedy so far this year, must be added the several hundred thousand other homes, probably approximating a half million, in which sorrow and deprivation have been brought through injuries suffered in motor car crashes.

The lost revenues represented in the time away from work of those injured in automobile accidents constitutes a staggering economic burden upon the country, while the destruction of property in these accidents mounts to many millions annually.

The lust for speed, carelessness and recklessness constitute the greatest drain upon the home and business in the United States, and the decline in fatalities, the first in several years, is a hopeful sign that in at least some states progress is being made toward better traffic control.

Many states and communities have during the past decade materially reduced their losses from motor car crashes through better laws and better enforcement, but the total for the country has continued to swell because in other states, as in the case of Georgia, antiquated regulations and little or no enforcement have caused the tragic toll to double and redouble.

Drivers' licenses and state police forces have saved hundreds of lives and millions of dollars of property in other states, and the same results would be obtained in Georgia through these modern methods of bringing safety to the streets and highways.

There must be no failure by the next legislature to remove Georgia from the list of the states that are backward in this respect.

This one-mill coin that Secretary Morgenthau wants would clear up the long-standing problem of the 10 per cent tip at a hamburger stand.

The fiery governor of the Mexican state of Tabasco has been removed by federal order. The government refused to take any more of his sauce.

Gandhi offers his assistance to Ethiopia but may be delayed in arriving, as August is the mahatma's month for attending white goods sales.

The utter decline of the American Indian can be read in the professional wrestling results. A full-blooded redskin recently bit the rosin.

Don't confuse the Works Progress Administration, WPA, with the PWA, nor yet with the PAW, or extended hand.

Regarding pork prices, a Philadelphia observer reports goldfish eaters in that city preparing the ham for commercial sandwiches.

A more tiresome noise than that of the nightingale cannot be imagined by H. G. Wells. Has he ever caught sopranos on a two-tube set?

He said that he had seen a child who had been starved to death by one of the British soldiers because they had been ordered to shoot any child who was not in uniform. He said that he had seen a child who had been starved to death by one of the British soldiers because they had been ordered to shoot any child who was not in uniform.

So, Mr. and Mrs. Atlanta, don't kick about the heat. It only makes you hotter.

Instead keep in the shade during the few hours in which the temperature toys with the 90's and then bask in the coolness of the nights and the early mornings that prove that the people of Atlanta live in the best all-the-year-round climate in the world.

THE CARNAGE KEEPS UP

A slight improvement—2.4 per cent over last year—in the number of persons killed in automobile accidents in the United States was registered during the first six months of this year, the National Safety Council reports.

Despite this improvement, a tragic total of 15,030 men, women and children met death from January 1 to July 1 on the public thoroughfares, which means that every 20 minutes during the day and night some life was snuffed out somewhere in America as the result of careless or reckless driving.

It is estimated by the Safety Council that this total will be swelled to 35,000 by January 1, 1936, the last six months of the year always recording more accidents, chiefly because of the large attendance upon football games in the fall, than the first half of the year.

To the 15,000 homes to which automobile fatalities have brought tragedy so far this year, must be added the several hundred thousand other homes, probably approximating a half million, in which sorrow and deprivation have been brought through injuries suffered in motor car crashes.

The lost revenues represented in the time away from work of those injured in automobile

Crackers Lose Final Game to Pels, 8-2; Open Here Today

Primo Carnera has gone away from our shores to those of his dear Italy, which is getting ready to engage the barefooted charges of Haile Selassie in warfare.

And upon reaching his native shores, Da Preem, aptly named by the late Bill McGeehan as The Tall Tower of Gorgonzola, issued a statement that he had been drugged in his recent fight with Joe Louis.

Well, I think he was. In fact I saw the fight and can testify that Da Preem was drugged. He was practically drugged to his corner.

His statement said:

"I never felt better in my life than the moment I stepped into the ring with Louis. I felt sure of victory, especially after the first round when Louis' blows failed to hurt me. However, in the second, I suddenly became ill, my legs trembled and the rings seemed to whirl around me. It was impossible for me to keep my arms in position to ward off blows. Even a baby could have defeated me. I do not know what it was, but I certainly was affected by some foreign substance."

This statement is perfectly correct. In the first round Da Preem felt fine. It was late in this round that Joe Louis hit him in the mouth and split it.

It was in the second, however, that Joe Louis hit him with a left hook to the body and a right to the jaw. This is one of the finest drugs in the world to cause dizziness, ring whirl and a weakness in the arms.

Watching the fight that night it was very easy to see the effects of the drug which Joe Louis kept administering in large doses. Pretty soon Da Preem was a bloody, stumbling wreck, entirely drugged. The drug was leather and knuckles applied to the body and jaw.

Well, anyhow, I hope no one will drug him back to our country again.

I hope Il Duce sends old Fiddlefoot Carnera out to fight in the army. And 'tis sorry I am I can't have a ringside seat at that.

SCHMELING REMAINS AWAY.

Max Schmeling remains a bit coy as regards the proposed Joe Louis fight in the fall.

It has been estimated that if he should come to this country for the fight he would pay so much in taxes to America and Germany his purse would have left a mere \$20,000.

Which is a pretty fair picture of the greed of the ring. A net profit of \$20,000 on a venture which cannot require more than two months' effort at the most is pretty fair profit. Yet Schmeling is unwilling to fight for that much net.

Schmeling is the ring's child of fortune. He was never a great fighter. He had a good right-hand punch and that was all. He was made champion by Joe Jacobs, who yelled "foul" loud enough to influence the judges. Jack Sharkey was beating Schmeling until the alleged foul. After that Schmeling beat the late W. L. Stripling, lost to Jack Sharkey and Max Baer and hasn't much to merit all the money being offered him.

In a decade he has come from the position of a hungry dock worker to a point where he can turn up his slightly battered nose at a net profit of \$20,000.

The prize ring is the spot for stories.

THE MULE AND THE VOLS.

Mule Shifley is aptly named. He thrives, as does a mule, on punishment.

The Mule was let into green pastures at Chattanooga but didn't care for them enough to remain. He was let out for the second complete violation of the so-called training rules.

Nashville took him on and he has played the baseball he is capable of playing—heads-up baseball with a lot of good, sound batting in it. The result is he has batted in enough runs to place the Vols in a position to win the pennant. Certainly he has them assured of a place in the play-off.

The Mule, according to a Nashville paper, plans to spend the month of October laughing at Joe Engel, the Chattanooga president, should the Vols win the pennant.

Which sounds all right at first reading. But I am wondering, after all, who has the laugh coming. Even if the Vols win, as they may, I am not quite sure if Mule Shifley will have the laugh.

DOC PROTHRO'S TRAVELERS.

Doc Prothro's Travelers make an appearance at Ponce de Leon park today and they happen to be one of the most dangerous clubs in the league.

And the job which Doc Prothro has done happens to be one of the best bits of managing and directing which the league has seen. At the start of the season Prothro had a lot of boys named Joe.

They couldn't win and they couldn't play much baseball. Prothro had little money to spend. He kept going along and now the doctor has a real club and one which is making serious gestures toward a first-division place.

The series here, with the double-header on Sunday, is a very critical test for our Crackers, who have shown signs of slipping a bit here or late.

THE SHAUGHNESSY BLIGHT.

In addition to being an iniquitous bit of cheating, the Shaughnessy system which the Southern association is employing this year at the expense of the baseball public, tends to encourage listless baseball.

Under the Shaughnessy system the team which wins the pennant doesn't. That is to say, the first four teams engage in a play-off to decide the pennant.

The result is the team which is out in front doesn't make a real effort to stay there. There is a small financial reward for the team finishing first, but it isn't enough. The players know the real reward comes from the Dixie series. So the teams

COURTS FACES ENLOE TODAY IN SEMI-FINALS

Boland, Chambers Meet in Opening Match at Biltmore.

By Jack Troy.

It is alleged that semi-finals in the city tennis tournament will be played at 3 o'clock this afternoon at the Biltmore Tennis Club.

The report appears to be pretty well founded, so it seems safe to go ahead and report that Dr. Kels Boland, seeded No. 3, will meet Preston Chambers, No. 6, at 4 o'clock.

The schedule was shifted around a bit yesterday. There were no singles matches and, along about 4:30, the first semi-finals doubles match was started.

The idea was, it appeared, to offer spectators a couple of doubles matches and hold over the finals in singles for Sunday. And so it is to be.

Molon Courts, No. 1, meets Red Enloe, public parks champion, No. 4, in the other semi-final singles match today. They'll play at 3 o'clock.

UPSET CONTINUES.

Upsets continued to reign yesterday as Tom Tumlin and Bud Lindsay, seeded No. 4, in the doubles, turned back the No. 2 team of Jack Mooney and Red Enloe in a brilliant five-set match.

Tumlin and Lindsay had a four-game lead in the first set, but Mooney and Enloe won the next five games in a row. But the former pair eventually edged out in the first set.

The scores in this match were 7-5, 2-6, 3-6, 6-2, 6-0.

Tumlin was the chief figure in the match. His overhead shots were great. He followed the ball like a hawk. And he turned apparent defeat into victory after Enloe and Mooney had won the second and third sets.

Halverstadt and Courts won the other semi-final doubles match, overcoming Jack Simpson and Preston Chambers in a long five-set match, 1-6, 6-2, 6-4, 1-6, 6-4.

DOUBLES FINALS TODAY.

Halverstadt and Courts will meet Tumlin and Lindsay in the doubles final at 3:30 o'clock this afternoon. The singles final has been set for 3 o'clock Sunday afternoon.

It's pretty difficult to determine who will survive to play in the final matches. Red Enloe is strictly on his game and Molon Courts appears to be a bit off his. Molon has the edge but it is not a very strong one.

Dr. Kels Boland is probably one of the steady players in the city and Preston Chambers, on the other hand, is prone to get "kissed." So Kels may outlast him.

Women's Tourney In Final Round.

Mrs. Etta Taylor Coyne and Miss Margaret Cohen won their way to the finals of the annual city tennis tournament yesterday afternoon in a fine display of strokes as they defeated their opponents with a loss of only three games between them.

Mrs. Coyne, the favorite, won over Mrs. Warren Pollard, 6-0, 6-0. Only once did Mrs. Pollard threaten to take a game, and that time Mrs. Coyne steadied and deuced the score and then won.

Miss Cohen, on the other hand, had to extend herself to win from Miss De Brown, 6-1, 6-2.

Finals in the ladies' division have been postponed until Sunday afternoon.

Commissioner Zack D. Cravey, of the State Game and Fish Department, balked when the Federal Bureau of Biological Survey closed the month of September and gave the state an open season from October 1 to January 15.

"Nobody's going to shoot doves in Georgia between October 1 and November 20," Cravey said in a caustic remark to J. N. Harding, chief of the Washington bureau.

He criticized the federal regulation as an "anticrime order," adding that Georgians, particularly in the northern section, should be allowed to hunt in September.

In Washington associates of Harding, who was out of the office, said doves shot by him were prosecuted if caught hunting out of the federal season.

Commissioner Cravey nevertheless issued an order, under authority from the Georgia Game and Fish Department, to close the season from September 1 to 30 and from November 20 to February 1.

Nets Outlawed During August, September.

An order outlawing the use of all nets except hand-drawn nets in tide-water rivers, Mrs. Crews fought off a determined rally by Greenville girls on the home stretch to hold her advantage as the holes ran out.

Shaky putting cost Miss Cotran several early holes, but she regained her form on the second nine and only some spectacular recovery shots by Mrs. Crews enabled her to retain her lead.

A symphony on the 16th hole ended the Palmto State girl's battle after she had made a sensational second shot to gain an advantage position.

Mrs. Crews fired a 78 in winning the title while Miss Cotran's card showed a score of 81.

Braves Look Up With New 'Dough'

BOSTON, Aug. 2.—(P)—The early dumping of enough new money into the Boston Braves to improve its finances and playing strength appeared assured today when Ford Frick, playful National league president, emerged from a seven-hour conference with Charles F. Adams.

Adams, however, revealed that most of his time with Frick was spent lining up a new Braves organization which, for the time being, will be headed by Bill McKechnie, Braves manager since 1920.

He predicted that a new group was ready to make a heavy investment in the Braves and that the first of next week would see some activity along these lines.

Prothro Here, Warns Atlanta To 'Get Ready'

By Jimmy Jones.

Like a refreshing gust from the wide-open spaces, Dr. James Thompson Prothro, the bustling medico who bosses those Little Rock Travelers, blew into town in the wake of the last heat wave last night, predicting dire happenings to the Crackers ball club.

The little doctor had a day of reflection in which to think up a few challenging remarks to our league leaders, since his club had the day off and spent part of it on the train, riding over from Chattanooga.

"We're here to put the pressure on you boys this time," he began. "The last time we were here, we got started on a winning streak which gave us six out of nine on the road and helped us to win 19 out of 30 games."

DID A FAVOR.

"Well, we did Atlanta a favor while we were winning 'em. We took Memphis off your neck by taking four out of six from them. And we took a pair of series from New Orleans that took a little wind out of their sails. We didn't do so badly with Nashville either. Remember that 14-0 licking we gave them?"

The doctor made it plain that he expected to use the Crackers as stepping stones to higher things. He wants to land his traveling Travelers in the first division his first year at the helm of the club.

We had a lot of tough luck at Chattanooga. We had been playing great ball and getting great pitching until we hit there. Then we couldn't get a break. Why one game we had Chattanooga 7-0, the next we had 14-0 licking we gave them."

The doctor made it plain that he expected to use the Crackers as stepping stones to higher things. He wants to land his traveling Travelers in the first division his first year at the helm of the club.

CHICKS FLOP.

"Don't worry about Memphis. Their pitching has cracked and I don't think they will give you any more trouble. Nashville, while they're winning and are in second place right now, don't seem like an awful good ball club to me. They can be beat easily away from home. New Orleans, in my opinion, is the best club in the league besides Atlanta and if they had one or two of your pitchers, would be really tough."

Prothro still likes his club, which has played surprisingly good ball. He thinks he has made a good pick-up in Donald Kellert, former Pennsylvania pitcher, who has been with the Boston Red Sox. Kellert will be at short today with Sanford back at second.

"I'm going to give you Porter Saturday and Sunday. I'll show you what I think is the best pitcher in the league. His name is Kola Sharpe and he has everything. I don't know who will win the game Sunday."

Prothro brought in some astonishing reports on two young players in the league. He says that Art Shoen, left-handed pitcher of the Cubs, is a lefthander than Mlinar, of New Orleans, and that he wouldn't be surprised to see him develop into another "lefty" like Shoen.

He says that Shoen, always fast, has come up with a good curve ball and also a change of pace. "He's plenty tough right now and is going to be a great lefthander if my guess is right," he said.

"Boob" Spurlin, the Atlanta boy who was turned down by the Reds, was playing a great first base at Chattanooga and a great hit club almost single-handed in two of the games there. Ray Winder, the Travelers' capable business manager, is with the club.

GRANT AND HALL WIN IN DOUBLES

SOUTHAMPTON, N. Y., Aug. 2.—(P)—A 19-year-old school boy and a veteran twice his age will battle for the Meadow Club's historic singles bowl here tomorrow.

Frankie Parker, Springfield (N. J.) star, who is top-seeded and the fourth ranking player of the country, is the youngest. He earned a place in the final round for the second year in a row at the National Amateur.

Clifford Sutter, of Detroit, Mich., eighth ranking player of the country, in a four-set match, 6-2, 2-6, 6-2, 6-2, defeated Hall, of Orange, N. J., in the first round.

Parker's match with Sutter was a keen, stroking duel, with the Detroit veteran wavering after the second set because of lack of condition. The Meadow Club tourney was his first since the tourney season, and he tired badly after evening the set score with Frankie.

Sutter tried to play to Parker's weak forehand and for set while got good results. But when he tired, his shots weren't peaceful enough, and Frankie's chops and pat forehand were able to put the midwesterner when he attempted to take the net.

Hall's hard driving off both wings, with most of his shots aimed for the corners or the lines, with Culey down to defeat. The Californian battled gamely against the severe game of his opponent, pulling the third set out of the very jaws of defeat as he battled for a straight set decision.

He couldn't get into the net in the face of the withering fire of passing shots sent at him by the Orange veteran. He went to the finals of the doubles tourney. Blaisy Grant and Hall won by default from Sutter and Guy Cheng, who were unable to play.

Winners Hines and Culey, 6-4, 0-6, 3-6, 6-3, 6-2.

Sam Lee and Henry Prussoff, all-Seattle (Wash.) combination, took a straight set decision from the No. 1 seeded tandem of John McDiarmid and Robert Bryan, and then lost to Gregory Mangin and Parker by a 6-3, 6-6, 6-4, 6-3 score.

NO BROADCASTS.

NASHVILLE, Tenn., Aug. 2.—(P)—The legislature, in adopting a report of a conference on the general appropriation bill, eliminated a requirement that the University of Tennessee permit broadcasting of its home football games.

Brothers Balk In Title Fight

SYDNEY, N. S. W., Aug. 2.—(P)—The maritime province were treated to an amateur lightweight boxing champion today because two brothers refused to fight each other.

Henry and Min Holm stood for all they were worth in the preliminaries of the maritime championships which concluded here last night, but when they found they both were in the final they unclashed their gloves and refused to fight. The title was left open.

Buford Is Winner Over Shawmut, 14-6

Buford, Ga., Aug. 2.—Buford squared Shawmut, and Buford Mills here this afternoon, winning the second game of the series, 14 to 6. Shawmut won the opening game Friday afternoon.

A triple, double and single by Kimbrell featured the game for Buford. Kenmore and Tierce, with three hits each, led the hitting for the visitors.

A majority of Buford's 16 hits went for extra bases and a total of 31 bases were recorded.

GULF TO RISK RECORD TODAY AGAINST STEEL

Leaders Meet in Kenne-saw and Flint River Leagues.

Gulf Refining will face Atlantic Steel in one of the feature games in the Atlanta Commercial Baseball league Saturday, risking its undefeated record against the Steelmen, first-half champions. The Gulfmen have outplayed all their opponents to lead the league with five straight victories in the last half.

White Provision and Fisher Body, meeting at Almond park, will provide another thriller. White Provision has a chance to tie Gulf for the league lead.

Kraft-Phenix and American Bakeries, bitter rivals, will clash at J. A. White with Kraft seeking revenge for the loss given it by the Bakers in their last meeting.

White Provision vs. Fisher Body at Almond park, 7:30 p. m. Gulf Refining vs. Atlantic Steel at Glen field, Empire, 7:30 p. m. Kraft-Phenix vs. American Bakeries at J. A. White, Empire, 8:30 p. m.

Kenne-saw League.

Four good games are scheduled in the Kenne-saw league today. Aragon and Marietta are on top of the league and these two play at the Aragon tonight. The game should be attended by a record crowd because it will be the sugar men's chance to bid for the pennant. Sugar Hill travels to Crabapple where they will have their hands full of the Rucker crowd.

SCHEDULE.

Dallas at Follett, 7:30 p. m. Marietta at Aragon, 7:30 p. m. Sugar Hill at Crabapple, 7:30 p. m. Canton at Cartersville, 7:30 p. m.

FLINT RIVER.

Jonesboro and Pelham met in the feature of the Flint River league this weekend. Jonesboro leads now with a perfect record. Pelham is following close.

SCHEDULE.

Jonesboro at Pelham, 7:30 p. m. Pelham at Fairburn, 7:30 p. m. Fairburn at Fairburn, 7:30 p. m. Fairburn at Fairburn, 7:30 p. m.

SCOTT LEAGUE.

League leaders meet the tall-order Saturday in the Scott league when Southern Railway meets Southern Wax Paper Company. Scottdale and American Can will play each other in the second game.

SCHEDULE.

Whittier Mills vs. Federal Annex at Piedmont park, 7:30 p. m. Southern Wax vs. Southern Wax at Piedmont, 7:30 p. m. Scottdale vs. American Can at Maddox park, 7:30 p. m.

GATE CITY LEAGUE.

The schedule: Whitcomb Avenue Baptist at Union Trust at Northwest. The meet park: Ben Hill vs. McKendree Methodist at Grant park. Umpires, Holt and Winder.

PRICES FOR TOBACCO KEEP HIGH AVERAGE

Spirited Bidding Marks Second Day's Sale in Leaf Belt.

By THE ASSOCIATED PRESS.
Continued from page 7.
Georgia's bright leaf tobacco crop was reported yesterday—the second day of the auction season—as warehousemen and buyers worked rapidly to clear the floors of exceptionally heavy receipts.

Much of the second day's business consisted of selling tobacco offered on the opening day. The first day's receipts set new records at many points, and swamped the warehouses. Buyers could not reach all the tobacco offered, but many of the 15 market centers said the situation was better Friday.

Farmers continued to express satisfaction with prices, and reports generally said prices were holding up well.

The State Department of Agriculture said receipt of official information on sales had been delayed by the tremendous offerings. The department's official report is not to be issued for several days.

The three biggest market centers last year, Tifton, Valdosta and Milledgeville, all reported prices were maintaining a high average. At Milledgeville, warehousemen said there was enough tobacco on the floors to continue auctioning through Monday without additional receipts.

Prices About Same.
Opening day averages were estimated at from above 18 to 22 cents a pound and above, and unofficial reports yesterday said the prices were about the same.

The Pellam Journal reported sales there on the second day at prices ranging from 10 to 20 cents a pound, estimated average 20 cents. The paper said bidding was even more spirited than on the opening day.

Adel reported prices holding up and said its opening day sales totaled 24,774 pounds. The opening day average was reported unofficially at 23.44.

Hazlehurst Friday said there was such a large volume at both warehouses there on opening day that buyers were not able to handle all of the offerings.

The market there had another busy day Friday, with prices holding up well.

Waycross reported another day of heavy offerings, with a "flood of tobacco delaying reports" of sales and prices. The average on opening day was reported unofficially at more than 22 cents a pound.

Nashville reported sales of all warehouses there at good prices, with tobacco chiefly of medium and good grade.

Warehousemen at Statesboro said 283,000 pounds were sold there yesterday, mostly a fair grade of leaf. The price average was estimated unofficially at 17 cents a pound.

The federal tobacco market news service issued the following price report on government grades for the second day on the Tifton market:

Leaf, bcf, 26.00; cutters, c4, 31.50; c5f, 30.80; c5l, 29.30; c5f, 28.10; c4f, 27.30; x3f, 27.30; x2f, 24.30; x1f, 19.50; x4f, 14.00; x3f, 12.00; x2f, 12.00; x1f, 12.00; pff, 12.08.

PERRY-RAINEY REUNION TO BE HELD AT AUBURN

AUBURN, Ga., Aug. 2.—The fifth annual reunion of the students, faculty members and trustees of the Mulberry High School and Perry-Rainey College and Institute will be held here Sunday, H. H. Hutchins, of Atlanta, chairman of the alumni body, announced.

Professor W. C. Carlton, of Cox College, College Park, Ga., and a former principal of Perry-Rainey, will be the principal speaker at the forenoon session.

James A. Perry, former chairman of the Georgia Public Service Commission, and the son of one of the founders of the institution, will present a history of the school.

At noon a picnic will be held on the grounds and the afternoon will be spent reminiscing, as no etheridge has been arranged. Tom Etheridge, of Auburn, and Emmett Williams, of Monroe, members of the program committee, announced.

Every member is expected to contribute at least one book to the memorial library, it is announced.

The public is invited to attend the exercises.

W. S. WAITE, EX-MAYOR, PASSES AT EASTMAN

EASTMAN, Ga., Aug. 2.—Funeral services were conducted Wednesday afternoon in the First Baptist church of Eastman for W. S. Waite, Eastman's oldest citizen and the last charter member of the institution in which the services were held.

Mr. Waite was 86 years old July 19 and had been a resident of Eastman 60 years, having come to Dodge county from New York state when a young man. He was at first connected with the Colored Lumber Company and later conducted a lumber business and planning mill of his own. He was postmaster of Eastman several years.

He was prominent in the affairs of the Baptist church and Eastman lodge of Masonry, and following the services at the church, the body was buried with Masonic honors in Woodlawn cemetery.

He is survived by one son, T. C. Waite, one daughter, Mrs. C. W. Atwell, and a grandson, Charles Atwell Jr., all of Eastman.

WIFE HELD BLAMELESS IN DEATH OF HUSBAND

THOMASTON, Ga., Aug. 2.—(AP) The sheriff's office said today John Penley, 46, a farmer, was shot to death by his wife late yesterday but that no arrest had been made in the case.

"We made an investigation and were told by the woman and by several eye witnesses that the woman fired when her husband was advancing on her with a knife, and she could stop him in no other way," said an announcement from the sheriff's office.

Grey-Uniformed West Point Cadets See Modern Methods at Benning

Every Branch of the Army, Infantry, Artillery, Tanks and Aviation Is Assembled on the 100,000-Acre Government Reservation in West Georgia.

By GLENN RAMSEY.
Associated Press Staff Writer.

FORT BENNING, Ga., Aug. 2.—(AP)—Grey-uniformed West Pointers, second lieutenants in the army, today learned about modern warfare from the nation's greatest expert at this \$18,000,000 infantry school.

Here the army sends its master minds to put into actual practice what is taught in West Point's class rooms to cadets and heard in lecture rooms by those who already have won their stars and bars.

The West Pointers—strapping, ruddy-faced young men with serious purposes in life—heard that sometimes during their army life they too will become students of the infantry school.

It is here that some 500 officers, ranging in rank from second lieutenants to majors, come annually to take the courses in the latest in implements of war.

For nine long months these officers sit at desks in modernly equipped classrooms and listen to lectures. They are then put through a series of maneuvers, and at midnight it is burned as they pore over their problems.

During every army officer's service at Benning, he is required to take the course in the latest in implements of war.

At Benning, the West Pointers are required to take the course in the latest in implements of war.

SHULTZ TO IGNORE LA GUARDIA'S 'BAN'

Will Return to N. Y., He Says; New Prosecution Move Is Planned.

ALBANY, N. Y., Aug. 2.—(AP)—While stunned state and federal officials were considering plans to prosecute the "Dutch" Schultz today, Mayor Fiorello LaGuardia was barring the former Bronx bootlegger from New York, Schultz himself registered emphatic defiance, by announcing he was on his way to New York.

Thumbing through messages congratulating him on his acquittal last night, Schultz was informed today that Mayor LaGuardia had said there was no place for Schultz in New York.

He looked up, with set face and mused: "There isn't room for me in New York, eh? Well, I'm going there."

The disappointed prosecutor, Martin Conboy, of New York, who watched Schultz elude his income tax evasion net through acquittal in federal court here last night, bitterly refused comment today until he had heard from Schultz going back to New York.

"Well, after all, there is an indictment awaiting him there," was all Conboy would say.

Meanwhile, Schultz's attorneys announced their client would settle his tax score with the state and federal governments, paying up some \$92,000 in federal taxes and \$36,000 in state income taxes.

This grand gesture did not elicit a response in Washington or Albany that could be called cordial.

The justice department's criminal division in Washington revealed that under consideration of a new state tax commission disclosed it was making further investigation into Schultz's affairs.

United States Attorney-General Homer Cummings described the Schultz acquittal in federal court as a "terrible miscarriage of justice."

The New York tax commission publicly endorsed the criticism of United States judge Frederick H. Bryant, who told the jurors they had dealt a blow to law enforcement.

WINDER CITIZEN HEADS DISTRICT LEGION BODY

GAINEVILLE, Ga., Aug. 2.—(AP) Dr. W. M. Matthews, of Winder, was elected commander of the ninth district American Legion at its annual meeting here today.

Speakers at the meeting included Delacy Allen, of Albany, state commander; Quimby Melton, of Griffin, national vice commander; Stanley Jones, of Macon; Scott, of Columbus; C. B. McCullar, of Milledgeville; Speaker E. D. Rivers, of the state house of representatives, and Congressman B. Frank Wheeler, of Gainesville. About 250 delegates attending the convention were entertained at a barbecue and baseball game.

PWA PROJECT PAY ROLL IS STOLEN IN HOLDUP

BROOKLYN, N. Y., Aug. 2.—(AP)—Two construction company employees were held up and robbed today of an \$8,708.58 pay roll for a PWA project.

The holdup took place on Brighton Beach avenue at the "two employees, K. A. Sheppard, an engineer, and Harold Martin, a surveyor, came out of the National City Bank with the pay roll.

The robber, who was armed, escaped in an automobile with another man after seizing the pay roll. The car later was found abandoned in the Sheepshead Bay district.

The pay roll was for the Coney Island sewage treatment project of the PWA which employs 728 men in Brooklyn.

ELECTION POSTPONED AS PARLIAMENT QUITS

LONDON, Aug. 2.—(AP)—Parliament adjourned an eventful session today and by agreeing to resume deliberations in late October automatically postponed a general election.

Before it adjourned, however, it had approved a new federal government in India, authorized big increases in armament, and accepted Neville Chamberlain's "prosperity budget."

Its members did not consider their job finished, however. They "arose" with the understanding that they may be called back before the state date, October 29, if the public interest requires it.

Prime Minister Stanley Baldwin asked this provision.

YOUNG MAN DROWNS IN OCEAN AT ATHENS

ATHENS, Ga., Aug. 2.—Emory Davis, young textile worker, was drowned in a canoe on the Savannah river when a boat he occupied capsized. His body was found by searchers within an hour and carried to a local hospital where unsuccessful efforts were made to resuscitate him.

BODY OF MISSING MAN IS FOUND NEAR ATHENS

ATHENS, Ga., Aug. 2.—(UP)—A decomposed body found near a small stream in the Raywood section near here today was identified as that of "Cap" Anderson, missing since December 23, 1934.

A fisherman found the body. A pistol and shoe were the only means of identification. Cause of death could not be determined.

Reunion Near Gainesville To Draw Veterans of All Wars

GAINEVILLE, Ga., Aug. 2.—Featured by the presence of two lone survivors who fought here in the sixties to fight in the Confederate army, the Redwine reunion to be held near here tomorrow is expected to draw a crowd estimated at from 10,000 to 15,000. Veterans of all wars and many citizens from northeast Georgia will be present at the twenty-ninth annual reunion of the Redwine regiment of the Confederate army, which mobilized at Redwine and marched from there to Virginia to join the Confederate army.

A barbecue will be served at noon. The two Confederate veterans who used the campground as a drill field more than 60 years ago, who are expected to be present are "Uncle" Wash Gaines and "Uncle" Jim Little, local citizens. They are the lone survivors of the Redwine regiment of the Confederate army, which mobilized at Redwine and marched from there to Virginia to join the Confederate army.

Many died on the battle field and some returned and 20 years ago it was decided to hold a reunion at Redwine campground, famous as religious center, every year. Three years ago the reunion was opened to veterans of all wars and the occasion draws thousands of visitors every year.

The church is one of the oldest and most sacred religious shrines in this section of the state. Long before the War Between the States, the church was the meeting place of hundreds who went there to worship.

A new arbor has been erected and the church is one of the oldest and most sacred religious shrines in this section of the state. Long before the War Between the States, the church was the meeting place of hundreds who went there to worship.

Prominent Georgians who are expected to be present, many of whom are veterans of the war, are: Governor Eugene T. Cullum, of Albany, Georgia commander of the American Legion; Stanley Jones, of Macon, state adjutant of the Georgia Legion; Kenneth Murray, commander of the Georgia Legion; Colonel Sam Tate, M. D. Collins, Sidney Camp, Atlanta; Hugh Howell, Atlanta.

Gainesville speakers will include Thomas M. Bell, E. D. Kenyon, Dr. Roland G. Leavelle, J. G. Collins, Judge Boyd Sloan, Hammond Johnson, George A. Wheeler, W. P. Martin Sr., B. P. Gaillard, Alton Hirsch, Herbert Edmonson, Congressman B. Frank Wheeler, of the ninth district, is also expected to speak.

Music will be furnished by the Atlanta drum and bugle corps of the American Legion, the Mount Vernon band, and by the Buice Brothers quartet.

WOMAN DENIED RIGHT TO PUSH GERMAN CLAIM

WASHINGTON, Aug. 2.—(AP)—Mrs. Katherine McNider Drier, a relative by marriage of President Roosevelt, was disclosed today to have been denied the right to sue the German government for \$600,000.

The denial came in a decision by Justice Owen J. Roberts, umpire of federal claims, American mixed claims commission.

Roberts held that in view of previous commission awards of \$208,000 to Mrs. Drier for seizure of her property near Dresden by the German government after the United States entered the World War, the case could not be reopened.

With this decision the claims commission disposed of the last cases before it growing out of war and post-war claims of American citizens. However, 153 alleged sabotage cases are still pending.

REV. ROBERT W. CANON PASSES AT BRUNSWICK

BRUNSWICK, Ga., Aug. 2.—(AP) Rev. Robert Walker Canon, 60, retired Methodist minister, who served many churches in the South Georgia conference for 19 years, died at a local hospital late last night following an extended illness.

Rev. Canon, resident of Townsend, served his last church at Glenview 11 years ago. He had been in ill health for years and had been confined to his summer home at Shellman's Bluff in McIntosh county.

He is survived by his wife, four daughters, Mrs. C. R. Hazen, Sparks; Mrs. Robert Lovett, of Valdosta; Elizabeth and Bobbie Canon, of Townsend; three sons, John Canon, of Moultrie; Victor Canon, of Petoskey, Mich., and Robert Canon, of Townsend.

The funeral cortege left Brunswick this morning for McLea, where funeral services were held at McLea cemetery with Rev. John Starnes, of the Adet Baptist church, officiating.

ALABAMA FARMERS ASK FOR 12c COTTON

AUBURN, Ala., Aug. 2.—(AP)—Approximately 1,000 Alabama farmers unanimously adopted a resolution today calling upon the federal government to continue 12-cent per pound cotton loans through the 1935 and 1936 crop years.

The vote came as they ended their annual farmers' week at Alabama Polytechnic Institute here.

The Alabama Farm Bureau Federation, meeting in conjunction with the farmers' week session, re-elected J. Litt Edwards as president.

POLIO BARS MIDDIES FROM VIRGINIA, N. C.

ANNAPOLIS, Md., Aug. 2.—(AP)—Because of the prevalence of infantile paralysis in Virginia and North Carolina, the federal government will not be permitted to enter those states during their annual leave from August 30 to September 27.

The ban, issued today, also provides that persons from those states will not be allowed to visit midshipmen while they make their visits there after leaving the states.

Midshipmen will be permitted to pass through Virginia and North Carolina by automobile or train, but "are prohibited from stopping off and associating with persons residing there."

SAVANNAH HOTEL CASE TO BE HEARD AUGUST 19

SAVANNAH, Ga., Aug. 2.—(AP)—A hearing has been ordered for Monday, August 19, in United States district court at Augusta, on a proposal of bondholders of the Greater Savannah Company, owner of the Hotel Savannah, for a plan of financial reorganization.

Rejecting a reorganization plan offered by the hotel company, the bondholders themselves submitted a plan under which a new corporation would be formed, the hotel properties would be taken over, and new bonds of \$683,000 issued in exchange for those now outstanding.

Utilities and Backed Whispering Campaign

Continued From First Page.

declared the majority faction, which is led by Commissioner Edwin F. Johnson, is running a "political job racket" and has hired many "parasites," or people who have to do no worthwhile work.

All Commissioners appear. All of the commissioners have appeared before the committee previously, and yesterday's appearance was the second for Almond.

Almond has charge of the largest single city department and it was his department that it was yesterday Longino named several "parasites."

He likewise is believed to have answered questions concerning the new \$200,000 park which the commission recently purchased on Cascade road and is now constructing.

The subcommittee went on a tour of inspection Thursday afternoon to the Cascade park.

Continued From First Page.

democrat, Texas, paid a recent hotel bill for E. V. Sellers, NRA employee, most of the time, began while Shoop had questioned whether the box contained cigars.

Testimony by pretty Bonnie Patterson, the congresswoman's 17-year-old daughter, that Sellers told her he knew the mysterious box did contain cigars, because he had smoked some, was the only evidence in the committee quickly followed up the Walker letter, by searching the files of Cramer and Hugh E. Magill, president of the American Federation of Utility Investors, Inc., to whom he also sent the "whispering campaign" letter.

Members of the committee showed plainly, when Cramer was testifying yesterday, that they regarded his letter as at least one source of the recent whispering campaign about the President's health.

Cramer expressed some doubt his letter and the subsequent whispering campaign were "cause and effect" because of the long period intervening.

Walker's Letter.
The Walker letter dated June 10 follows:

"Dear Mr. Cramer: Regarding Mr. G. A. Converse Col. have written to Mr. Groesbeck regarding your letter of March 28. In the absence of Mr. Groesbeck, I am writing to you for your not having had an answer or acknowledgment to your letter. In the enormous amount of work incident to the election of 1934, which necessitated being at the office in the evenings and on Sunday, your letter by mistake was placed in a file. I am sorry that this happened and that your letter did not get the prompt answer it deserved.

"Already Taken Steps."
"I am writing you today and sending you Mr. Col. to let you know that Mr. Groesbeck regarding your letter of March 28. In the absence of Mr. Groesbeck, I am writing to you for your not having had an answer or acknowledgment to your letter. In the enormous amount of work incident to the election of 1934, which necessitated being at the office in the evenings and on Sunday, your letter by mistake was placed in a file. Hale-Peacock Wedding Ceremony Married on September 19, 1934 Bridal Pair Feted Solemnized at Sacred Heart Church At Bridge Dinner

The marriage of Miss Catherine Barker Hale and Walter Allen Peacock was solemnized yesterday morning at 9 o'clock at Sacred Heart church with Father Mercer officiating. Miss Marie Chaffee was the bride's only attendant. She wore a gown of pink mouseline de soie with an off-the-face hat of pink straw. She carried a bouquet of pink roses and delphinium. Mr. Peacock was attended by Alex Pittman.

The bride wore an attractive gown of lace in an ice blue shade. The dress was fashioned over tulle to match and she wore a picture hat of matching horsehair braid. She carried a bouquet of talisman roses.

Judge Luther Rosser Is Honored By Chi Phi Alumni Association

Members of the Atlanta Alumni Association of the Chi Phi fraternity entertained last evening at a dinner-dance at the Piedmont Driving Club in honor of Judge Luther Rosser, grand alpha of the fraternity's national council. Several hundred guests assembled on the club terrace for the occasion. The affair was marked by the presence of a number of prominent visitors. Seated at the table with Judge and Mrs. Rosser were officers of the local association. Tributes were paid the honor guest who was elected to this high office at the fraternity's national convention held here last summer.

The fraternity's large seal was suspended over the terrace and floating from either side of the seal were streamers of scarlet and blue, the fraternity's colors. The presence of a number of the fraternity's pledges was a feature of the affair and they were accompanied by a group of popular belles.

Officers of the Atlanta alumni are:

R. L. Ellis, president; Charles E. Shepard, vice president; James V. Calhoun, secretary; Clement A. Evans, treasurer. Directors of the association include William C. Wardlaw, chairman; Dr. Frank Roland, Lamar Ellis, James Franklin, Arthur Clarke, George Sheffield, J. N. McEachern, Virgil E. Moore, Hugh M. Dorsey Jr., Jack Adair, Walter T. Colquitt, W. S. Boston, Henry Grady Jr., Alex Smith Jr., Dr. George A. Williams, J. C. Harris, C. B. Nunnally, H. R. Sanford, Charles T. Winship, E. K. Van Winkle, Luther Rosser, Dr. William C. Warren Jr. and Malon Courts.

Prior to the dance Mr. and Mrs. Joel Chandler Harris were hosts to a group of the younger set at a party at their home on Habersham road. The guests included Misses Helen Clarke, Frances Spradlin, Peggy Ray, Renee Wincoff, Rosemary Mary Dorothy Brumby and Dean Spradlin, Haines Hargrett, Ewing Miles, Cam Dorsey, Billy Ginn and Lee Turman.

Mr. and Mrs. Lawrence D. Hale, the bride's parents, were hosts at an all fresco breakfast at their home on Northview avenue after the ceremony. Mrs. E. T. Williams of New Orleans; Mrs. Jessie M. Williams of Montgomery, Ala.; and Mrs. W. C. Peacock of Eatonton, Ga.; Mr. and Mrs. Olin Spence of Carrollton, and Mr. and Mrs. L. A. Hyland of Washington, D. C., were among the out-towners attending the wedding.

Mr. Peacock and his bride left at noon by motor for a trip to North Carolina. The latter wore for traveling a suit of navy blue triple sheer with a navy blue straw hat.

Mrs. B. J. Dantone, daughter of Mr. and Mrs. J. H. Brown, of Hapeville, whose marriage took place on September 19, 1934. Mr. and Mrs. Dantone are residing at 1149 Ponce de Leon avenue, N. E. Photo by Elliott's studio.

Interesting Plans Mark Meeting Of Atlanta Associational Y. W. A.

The Atlanta Associational Y. W. A. held its quarterly meeting Monday evening at Grant Park Baptist church. Supper was served at 6 o'clock.

A welcome song and the "I Love You" song were sung in honor of the new Harrison Road Y. W. A. Miss Esther Cathy presented the stunt of the evening which included the introduction of "funny paper" characters.

The business session was called to order by the president, Miss Marie Long. The following nominating committee was appointed to serve in selecting officers for another year: Miss Inez Corley, Miss Marie Waldrup, Miss Hettie Pittman and Mrs. P. D. Matthews. A special offering was taken at balance on expenses of the spring training school.

Miss Frances Messer, chorister, announced that plans for a city Y. W. A. choir were under way. The choir is to be directed by Henry Mullins. Miss Marie Long told of receiving a letter from Miss Katherine Sewell, missionary to Cuba. Attention was called to the needs of two Cuban boys who will be in school at Nashville this fall. Both need overcoats and one needs an English Bible with concordance.

Miss Vera Atkins, associational Y. W. A. leader, presented plans for the coming fall. These plans included three big projects—the "Comic Camp," "the Educational and Missionary Week" and an Associational Y. W. A. newspaper. Each of these was passed on unanimously as outlined.

The "Comic Camp" is to be the city-wide associational Y. W. A. camp at Camp Highland the week-end of September 6-8. Reservations are to be made and fees paid to Miss Evelyn Harwell by Monday, September 2.

Mrs. J. M. Dawson, of Baylor University, will again be the chief speaker during the "Educational and Missionary Week" in October. A brief "training school" period and a period of "food and fun" will precede each service.

The associational Y. W. A. newspaper is to be the first of its kind ever attempted. It will include the history of the Y. W. A. and of the Volunteer band, a record of personal service and missionary work, outlines of future plans, news and reviews from the spring and fall camps, original poems, jokes, feature articles, inspirational messages and editorials.

Miss Atkins announced that the Y. W. A. Band meets every first and third Thursday evenings at the Tabernacle Baptist church. Mrs. Jewel Bailey, associational mission chairman, requested that each Y. W. A. have another mission study course this fall.

The Inman Park Y. W. A. invited the association to meet with it for the next quarterly meeting in October. The invitation was accepted.

The program chairman was Mrs. Edgar Long. Miss Katherine Johnson gave a brief "echo" from the South-wide Y. W. A. encampment at Ridgecrest, N. C. A pageant, "The Challenge of the Cross," was presented by the West End Fellowship Club. Those taking part were: Misses Clara Wilcox, Annie Laurie Galloway, Mary White Watson, in the decorations and favors. Pink daisies and snap dragons were used effectively in the living and dining rooms.

Present were Mesdames Clyde Knox, Virginia Crane, J. T. McConnell, Charles Boynton, C. R. Adamson, H. H. Mabry, H. Truitt, Carl Larson, M. L. Davis, H. E. Rosser, J. B. Harmon, Maurice Simmons, Curtis Sled, J. G. Rosser, Drue Suttles, Buck Waldrup, O. Williams, T. G. Roberts, H. Griggs, H. C. Cough, G. D. Rosser, J. M. Boland, C. C. Wilder, W. D. Pope, Marvin Ansley, Frank Durrett, R. E. Hammond, Reba Martin, L. B. Hammond, E. Burnside, Misses Carolyn Ansley, Elizabeth Crumley, Frances Durrett, Louise Davis, Wynette Mann, Joy Clark, Martha Sled, Helen Couch and Lennie Hammond and others.

Rev. Z. E. Barron is conducting services at Jenkinsburg, Ga.

Mrs. J. C. Hendon and children are visiting relatives at Rex and Stockbridge, Ga.

Mrs. John Daly and children, who have spent the past four months in New York city, joined Mr. Daly in Miami, Fla., where they will make their future home.

Mrs. W. D. Harrington and Mrs. R. L. Ellington have returned from a visit to relatives in Montgomery, Ala. Mrs. S. B. Whigham is convalescent after a recent illness at her home on Fulton avenue.

Gay-Fink Betrothal Announced Today.

GAY, Ga., Aug. 2.—Mrs. William Henry Gay announces the engagement of her daughter, Mary, to William Cornelius Fink, of Taylors and Greenville, S. C., formerly of Knoxville, Tennessee.

Miss Gay is the second daughter of Mrs. Maggie Reynolds Gay and the late William Henry Gay. Her sisters are Mrs. Solon Franklin O'Neal and Miss Ludie Gay, of Gay. The bride-elect is the granddaughter of Mrs. Anna Culpepper Gay and the late William Henry Gay. Her maternal grandparents are the late Mr. and Mrs. Robert Alexander Reynolds, of Plainville. The bride-to-be attended school at Boston College, where she was a member of the Alpha Chi Omega sorority and the Mu Phi Epsilon honorary sorority.

Mr. Fink is the son of Mrs. Frank McCloughan, of Knoxville, Tenn., and the late John Cornelius Fink, of Austin, Texas. He attended school at the University of Tennessee, where he was a member of the Sigma Alpha Epsilon fraternity. Mr. Fink is connected in business with the Southern Bleachery at Taylors, S. C.

The marriage is to be quietly solemnized in the early fall.

Church Club Meets.

The Women's Club of the Lakewood Interdenominational church met recently at the home of Mrs. W. J. Nelms on Adair avenue. Ways and means for raising money for the building fund were discussed.

Present were Mesdames F. C. Smith, Jack Caldwell, John Bosh, H. H. David, Cather, J. R. Douglas, W. R. Sparlock, Bob Perry, Luther Smith, Glenn Martin, H. P. Burrell, Cliff Jordan, Frank Cooley and W. J. Nelms.

Mrs. H. H. David, assisted by Mrs. Jack Caldwell and Mrs. W. R. Sparlock, will entertain the club on Thursday.

Junior Catholic Clubs To Convene In Macon Sunday

The Georgia Federation of Junior Catholic Clubs will hold its quarterly convention in Macon, on August 4. The Young People's Catholic Club of the Immaculate Conception church, of Atlanta, will be well represented. Members making this trip are requested to meet at 8:30 o'clock Sunday morning at the church. Delegates from Columbus, Albany, Quitman, Douglas, Macon and Atlanta will attend this convention and an interesting program has been arranged by the entertainment committee. The monthly breakfast for the Young People's Catholic Club has been postponed from the first Sunday of August to the second because of the convention. Members are requested to attend 8 o'clock mass and to convene in the clubroom for the breakfast afterwards.

St. Charles Garden Club

The St. Charles Garden Club met at Piedmont park on Thursday, members having decided in May to hold their meetings out of doors during the summer. J. Gustafson, Jones, and Word and her children, Bettie and Gladie; Mrs. W. B. Moore, from Macon; Mrs. H. P. Luckett and Miss Agnes Thompson. A prize of \$5 was offered the resident on Garibaldi street that made the most improvement in their yards with flowers by next spring. The president, Mrs. Gustafson, Jones, was given a handkerchief shower as a birthday thought. A picnic lunch was served. On September the 5th they will meet at Monroe's nursery, on Boulevard, and Mr. Monroe will talk on flowers. Mrs. L. H. Park won the trophy for the best exhibit of perfect baby zinnias.

Mrs. Foster Honored

Mrs. and Mr. Willis McCrory entertained at dinner Tuesday evening, honoring the 80th birthday of their father, J. H. Foster. Jones, was present for 6 close friends of the honor guest.

Friendly Counsel

By CAROLINE CHATFIELD.
Problems of general interest submitted by readers of the Constitution are discussed in this column. Correspondence invited. Your name will be held in confidence. Write Chatfield, care The Atlanta Constitution.

A couple of young women who must be particularly resourceful have written a book called "A Thrifty Way to Live." It is a book that the average wife can make out pretty well if she observes three rules for faith and practice: Feed him. Fuddle him. Fatten him. It is a book that the poor woman thrashing about wildly to discover what makes husbands, leaving one blind trail after another, always coming back to a few fundamental truths of existence. The river can't rise higher than its source. Humanity struggling up gets an occasional inkling of infinity, then falls back on finite facts. The man's appetite must be appeased, his ego fed, his arms filled if he is to be pleased and content with his marriage bargain.

A woman who knows men pretty well remarks that the best man will fight with his wife over food, if it is not prepared, prepared and served to suit his fancy. And says she: "I don't blame the men. They work hard to supply the wherewithal, but it is not the woman's duty to cook and serve. It is the man's duty to provide. The majority of them eat a hasty breakfast, snatch a few minutes for their morning paper, and then they happen to be at the time and look forward to a good dinner at the family table. Every wife knows what her husband likes to eat, but she likes it cooked and served. When she doesn't supply it he naturally concludes she is careless or incompetent and either is enough to bring on talk."

It may sound queer to mention coffee pots and biscuit pans in the same breath with kisses and caresses. It seems queer that so divine an emotion as love can have any connection with the kitchen and the dinner table. It is inconceivable that love making usually couched in language of flowers and pleasant fancies can be nourished and sustained with steak and onions. Yet, the good cup of breakfast coffee is quite as important to the husband as the good-by kiss from his wife and more stimulating. The prospect of a delectable dinner is quite as enticing to him as the thought of welcoming arms extended to him as he enters his front door. The combination will always turn his feet eagerly toward home, even when evening comes. For after all he is an animal, a little lower than the angels.

It is hard for a woman to realize that that big independent man of hers who meets fierce competition in the market place, drives hard bargains, builds up a big bank account, could carve from her a compliment on his shirt and tie, and then she would be the shape of his head and the color of his eyes, and if she gives it that he will lie down at her feet like a playful puppy to be fondled and caressed. Yet it is true. The higher they stand the harder they fall for flattery from a woman's lips. The sterner they are the more they turn their appreciative tenderness in the home. All the pinching, patting, plucking, painting a woman does to look pretty for her husband is as important in her account with him as a few words of affection whispered in his ear when he comes home, a warm kiss on his lips, and assurances from her that she is a walking advertisement for a beauty shop and French soap, yet leave him cold and disinterested.

When the day's work is done and he comes home to his wife he wants to hear feminine chatter, and this and that which diverts him from the worries and disappointments of his business. He is hungry for the subtle flattery that makes him forget the day's failures and lets him see himself as a hero in one pair of eyes. He enjoys those sweet nothings whispered in his ear, assurances from her that she is the luckiest woman in the world to have him for a husband.

Sometimes he has to listen to reproaches, corrections, complaints, criticisms, cock and bull stories of what some other husband has done for his wife, sometimes he is put on the grill for his neglect and abused for his derelictions. The chances are 50-50 that he will endure whatever his wife has to say but the chances are all that he will be pleased with anything less than being fed well, fondled affectionately, flattered immensely.

And here is the best part of it: there has never been a wife who managed to please her husband who wasn't herself a happy wife. This is her bread, which, cast on the water, comes quickly back to her and increased to unheard of proportions. Write Chatfield, care The Atlanta Constitution.

Bride of Summer

President Cites Better Prices as Irrefutable Argument for Policies.

WASHINGTON, Aug. 2.—(AP)—Approval of the government's farm program was seen by President Roosevelt today in reports some farmers planned to launch court attacks against the tariff.

The executives said the contemplated action reflected the natural way of farmers over the possibility that the AAA would be thrown out by the courts.

He argued that the price of cotton has risen from 4-1/2 cents a pound to 12 cents, while wheat now brings 85 or 90 cents a bushel compared with 36 cents.

The farmers, Mr. Roosevelt said, are saving more money and paying more debts than at any time since 1929. He added they had experienced eight lean years before that.

Talk of a compromise in conference on the senate amendment to the AAA bill to permit processing of recovery suits brought a quick threat from Senator Johnson to "carry the fight back on the floor."

The compromise program was first mentioned by Representative Jones in a statement denying earlier reports the house conferees had accepted the senate amendments in exchange for recovery suits brought by the farmer.

Extension of the cotton and tobacco control program over potatoes, proposed in senate amendments, was passed over pending Smith's arrival, as was an amendment placing a similar control program over peaches.

The office of Senator Byrnes announced the Commodity Credit Corporation was reconsidering its proposal to reconduct cotton, and a definite decision probably would be announced Monday.

Under the original plan of the credit corporation, the government controlled cotton was to be removed from the smaller warehouses located in the cotton belt in order to make room for the incoming crop.

The safe and easy to operate plan of the Pacific coast early today. "In general," Vidal said, "the aim is to create a model plane which is going to be much more exhaustive before we will say the plane is ready for the average man."

"A tailless plane, one of several being tested by the government, is going to be much more exhaustive before we will say the plane is ready for the average man."

Roosevelt Confident On AAA Farm Program

WASHINGTON, Aug. 2.—(AP)—Capitol Hill proponents of public power demand today that there be no "compromise with the power trust" in attacking a plan to loan private companies government funds for project in rural electrification.

Representative Rankin, democrat, Mississippi, house leader of Tennessee Valley Authority legislation and nominal leader of President Roosevelt's successful attempt to swing the house for utility holding company abolition, promptly appeared in opposition to the plan.

C. Cooke, rural electrification director, had indicated plans were contemplated to lend \$95,000,000 at 3 per cent interest to a group of private companies.

"We can no more afford to compromise with the power trust that is now overcharging the American people \$1,000,000,000 a year for electric lights and power, than we can afford to compromise with a rattlesnake," Rankin asserted.

He argued only by using this rural electrification fund to finance private power companies, a majority of which are owned, operated and controlled by the power trust, could the farmers be charged such high rates the plan would not be successful.

"They will have been led for enough overcharges to pay for these lines which will then become the property of the power trust in perpetuity."

"The safe and easy to operate plan of the Pacific coast early today. "In general," Vidal said, "the aim is to create a model plane which is going to be much more exhaustive before we will say the plane is ready for the average man."

Waldman, Under Spell, Knew Legged 'Witch'

WASHINGTON, Aug. 2.—(AP)—Capitol Hill proponents of public power demand today that there be no "compromise with the power trust" in attacking a plan to loan private companies government funds for project in rural electrification.

Representative Rankin, democrat, Mississippi, house leader of Tennessee Valley Authority legislation and nominal leader of President Roosevelt's successful attempt to swing the house for utility holding company abolition, promptly appeared in opposition to the plan.

C. Cooke, rural electrification director, had indicated plans were contemplated to lend \$95,000,000 at 3 per cent interest to a group of private companies.

"We can no more afford to compromise with the power trust that is now overcharging the American people \$1,000,000,000 a year for electric lights and power, than we can afford to compromise with a rattlesnake," Rankin asserted.

He argued only by using this rural electrification fund to finance private power companies, a majority of which are owned, operated and controlled by the power trust, could the farmers be charged such high rates the plan would not be successful.

"They will have been led for enough overcharges to pay for these lines which will then become the property of the power trust in perpetuity."

"The safe and easy to operate plan of the Pacific coast early today. "In general," Vidal said, "the aim is to create a model plane which is going to be much more exhaustive before we will say the plane is ready for the average man."

"A tailless plane, one of several being tested by the government, is going to be much more exhaustive before we will say the plane is ready for the average man."

AT ATLANTA'S THEATERS

"Shanghai" Is Gripping On Paramount Screen
A dramatic and gripping story of the orient is brought this week to the Paramount theater screen with the presentation of "Shanghai," starring Charles Boyer and Loretta Young, and with Warner Oland, Alison Skipworth and Fred Keating in the supporting cast.

Oriental pictures seem to be the vogue at the present time and several of them have been good entertainment. It remained for Paramount, however, to transmute the heartbeat of the far east to the screen without losing the romance and authenticity that grips the traveler in those far-off climes.

This picture is scrupulous in minute detail. Boyer is a mysterious figure who climbs the ladder to the top of the financial world in Shanghai. At last he threatens to dominate the entire orient. His tactics are ruthless and he is hated and feared. Then he meets Loretta Young, who is cast as an American girl living in Shanghai, to please the caprices of an eccentric aunt.

At the moment of the murder, the husbands of the two women were in the office of the police prosecutor, trying to overcome, with the aid of authorities, the obsession which had convinced Mrs. Waldman that the imagined fireball came from Mrs. Cooper.

Mrs. Waldman readily admitted the slaying. She was calm as she underwent questioning. She was secure in the belief that her troubles had ended with Mrs. Cooper's death.

"She practiced witchcraft against me," she complained. "She chased me with fireballs at night. She has been doing this for years. The fireballs came from the wall, but still they kept coming. I can't sleep. I can't stand it any longer."

Schneider, thinking the man's remarks were based on a neighborhood row, issued the requested warrant. Mrs. Cooper did not respond to the summons, and her husband appeared in the prosecutor's office this afternoon.

Waldman repeated his witchcraft against me," she complained. "She chased me with fireballs at night. She has been doing this for years. The fireballs came from the wall, but still they kept coming. I can't sleep. I can't stand it any longer."

NEW YORK, Aug. 2.—(AP)—Conflicting price trends predominated on the corporate bond market today. Fractional to one point changes were the rule in the rail section with the majority of active issues working to lower levels. Industrials and utilities were mixed. United States governments were mostly lower.

Another relapse in Italian bonds was the only outstanding development in the foreign division. At one time during the session losses of more than a point were suffered in the government bonds, Rome 6 1/2, Milan 6 1/2 and Pirelli 7 1/2. There was some improvement in most of them before the close.

The Associated Press averages of 10 utilities established a new high for the year at 97.5, up 2 of a point on balance and the average of 10 industrials also made a new top at 90.1, up .19 of a point. The averages for other groups were 1 of a point higher to 1 of a point lower. Transfers aggregated \$9,201,000 par value, compared with \$12,146,000 the day before.

New York city traction bonds were bid up sharply to new highs during the forenoon, but later were subjected to considerable profit-taking and gave up most of their early advantage. Substantially higher prices were paid for International Paper 6 1/2 at 54 1/2; International Hydro 6 1/2 at 46 1/2; B. F. Keith 6 1/2 at 80; New York Public Service 6 1/2 at 80; New York Dock 6 1/2 at 70; and Morris & Essex 4 1/2 at 92 3/8.

Persistent strength in bonds of American and Foreign Power and International Telephone was coincident with, and presumably on account of, the further rise in gold currencies against the dollar in foreign exchange markets. Both these companies collected a substantial amount of revenue in foreign money and pay their bond interest and other expenses in United States dollars.

A good-sized block of low-priced rail bonds added a trifling lower along with other issues of various classifications. Among other losing groups were obligations of Baltimore & Ohio, Cleveland Union Terminal, Great Northern, Southern Railway and Bethlehem Steel.

Only about half of the government issues listed had more than one sale during the day. The Treasury 7 1/2 settled down to 101.15, which is the average price which the government allotted the latest additional block of \$106,482,000 early in the week.

Market Outlook

(Copyright, 1935, by the United Press.)

By MAX BUCKINGHAM.

NEW YORK, Aug. 2.—(AP)—Industrial operations and plans overshadow uncertainties of legislation as stock market factors and are contributing to growing long-term bullishness.

The market will have setbacks. But they are technical and form a sound basis for the market. Looser money were confined within a two-point limit, the market resisted selling excellently. Utilities—bought by house deficit of the death clause in the holding company bill—managed to finish higher.

While there are many professionalists sitting in the sidelines, they are taking good positions on the market. They feel realizing will afford them opportunity of buying into the market before the next big upward swing.

If the pattern of the New York market follows England, a steady improvement can be expected. England's boom, recognized as one of the sharpest depression recoveries, started after debt conversions had been made. The United States is in position now for similar recovery.

In addition these factors lend strength to the current market: 1. Political and legislative developments recently have had less influence than at any time in the past five years.

2. There are less pool manipulations than in recent years.

3. The advance has been based more on investment demand than expectation of nearby profit.

4. The market history has been unusually selective.

In addition the business view is excellent. The American Bankers Association in a monthly survey said business was preparing for a substantial rise this fall. The type of confidence, the survey said, is a strong fiber and is resisting the political and legislative outlook. Individual several industries are giving promise. July motor car sales, for instance, will likely show a better picture than makers had anticipated. Some private estimates say steel operations will reach 75 per cent of capacity before the summer is over.

CLACKUM CONVICTED IN FAKE CLAIM CASE

Industrial Authority Asked To Arrange \$20,000,000 Loan for Construction.

MONTGOMERY, Ala., Aug. 2.—(P)—The Alabama Industrial Authority announced tonight that the Stand-

ard Aluminum and Alloy Corporation of Chicago, Ill., had requested the Authority to open negotiations with the National Emergency Council in Washington for financing a \$20,000,000 al-

The Authority was created under a "new deal" act of the Alabama legislature to encourage new industries to locate in Alabama, and assist these

industries in obtaining loans from the government to finance their establishment and operation.

Attorney-General A. A. Carmichael, one of the three Authority commission-

The request stated that the corporation owns extensive bauxite ore properties at Saline county, Arkansas, and plans to produce pig aluminum from

This ore at a huge reduction plant at Decatur, using electricity from the Tennessee Valley Authority and coal from the near-by Birmingham district. The attorney-general said that he

understood the plant would employ thousands of people, and that the ultimate investment, if the plan carried through, would be substantially larger than the original \$20,000,000 investment.

Funeral Notices

FOWLER—Died, Mr. William A. Fowler, of 533 Angier avenue, August 2, 1935. He is survived by his wife; daughters, Mrs. Fred L. Phillips, Mrs. B. F. Clark; sisters, Miss Nan Fowler, Mrs. L. A. Hud-

son; grandson, Mr. W. F. Phillips. Funeral arrangements will be announced later by H. M. Patterson & Son.

McHAN—Died, Mr. A. C. McHan, of 1645 Cornell road, August 2, 1935. He is survived by his wife, daughter, Mrs. Louise Youngs; sisters, Mrs. Julia Lewis, Topeka, Kan.; Mrs. Catherine Griffin, Amarillo, Texas.

Catherine Griffin, Amarillo, Texas; granddaughter, Miss Lil Youngs; sister-in-law, Miss Lura Simmons. Funeral arrangements will be announced later by H. M. Patterson & Son.

MANN—The friends and relatives of Mr. James Arthur Mann, Mrs. Carrie Shackelford, Mrs. L. H. Brown, Miss Frances Mann, Messrs. J. T. and H. A. Mann, Miss Dollie Mann.

Messrs. E. W. and L. S. Mann are invited to attend the funeral of Mr. J. A. Mann this (Saturday) afternoon at 3 o'clock from Bethel church. Rev. Fleming Fraley will

officiate. Interment, Mann cemetery. G. P. McMullen in charge.

JACKSON—Died, Mr. F. B. Jackson, of Greenville, S. C., August 2, 1935. He is survived by his wife; sons,

Mr. Frank Bruce Jackson, Hattiesburg, Miss.; Mr. David Minge Jackson, Richmond, Va.; sisters, Mrs. R. A. Prowell, Dayton, Ala.; Mrs. Lizzie Tindall, Birmingham, Ala.;

Mrs. W. A. Harris, Uniontown, Ala. The remains will be taken to Tuscaloosa, Ala., this (Saturday) morning, August 3, 1935, at 9:10 o'clock via Southern Railway for interment in Ewaldale, Ala. H

KIMBALL—The friends and relatives of Mr. Charles Kimball, Mr. and Mrs. Charles M. Kimball, Birmingham, Ala., and Mrs. C. E.

Kimball, Jacksonville, Fla.; Mr. and Mrs. Cecil H. Kimball, Louisville, Ky.; Mr. and Mrs. Clyde W. Kimball, Macon, Ga.; Mr. and Mrs. Comer I. Kimball, New York

City, and Mr. and Mrs. L. M. Kimball, Mrs. H. P. Jackson are invited to attend the funeral of Mr. Charles Kimball this (Saturday) afternoon, August 3, 1935, at

2 o'clock at Spring Hill. Dr. Hugh S. Wallace, of Birmingham, Ala., will officiate. Interment, West View. H. M. Patterson & Son.

of Mr. J. O. Allen, Mr. and Mrs. Burton Johnson, Mrs. H. M. Ramsey, Mr. Raymond W. Allen, Mr. Richard E. Allen, Mrs. Tennie Irby and Mr. and Mrs. J. J. Allen, Au-

burn, Ga., are invited to attend the funeral of Mr. J. O. Allen this (Saturday) afternoon, August 3, 1935, at 3:30 o'clock at Spring Hill. Rev. M. G. Tarvin and Dr. M. A. Cooper will officiate. Interment West

View. The following will please meet at Spring Hill at 3:15 o'clock: To serve as pallbearers, Mr. B. F. Harper, Mr. J. A. Warner, Mr. T. L. Lang, Mr. Fred Hester. Mr. A.

Hillman and Mr. K. G. Schaid; to serve as escort, retired employes of the Western Electric Co. H. M. Paterson & Son.

CAMP—The funeral of Mr. Alvin Camp, 323 Henry street, announced later. R. C. Tompkins.

ALLEN—Mrs. Queen Allen, of 610 1-2
Irwin street, passed away August

RAVIS—The remains of Mrs. Lottie Travis, of Jonesboro, Ga., were sent last evening to Elberton, Ga., for

WILLIAMS—Mrs. Fannie Williams, of 644 Larkin street, S. W., passed at her residence, August 1, 1935. Funeral will be announced later.

THOMAS—Friends and relatives of Mr. David W. Thomas, of 291 Harris st., N. E., are invited to at-

end his funeral tonight at 8 o'clock from the residence. The remains will be taken by motor to Columbus, Ga., for interment. All members of the W. C. Thomas Lodge are requested to please be present.

RAVIS—The friends and relatives of Mrs. Marie Travis, who died at her residence in Jonesboro, Ga.,

August 2, are invited to attend her funeral tomorrow (Sunday) at 11 o'clock a. m., from Pleasant Grove Baptist church, Griffin, Ga., Rev. J. S. Mack officiating. Interment, churchyard. Orletree & Co. C. C.

Y—The friends and relatives of Mr. Hiram C. Ivy, Mr. Howard Fambro, of Detroit, Mich.; Mrs.

John Ivy, Miss Grace Spiva, Miss Elsie Spiva, Mrs. Ina Cobb, Mr. Victor Walton, Mrs. Mattie Neal, Miss Louise Dunn, Mr. Victor Walton Jr., Mr. and Mrs. George Cooper are invited to attend the funeral.

of Mr. Hiram C. Ivy this (Saturday) afternoon at 3 o'clock from South Atlanta M. E. church. Rev. N. J. Crolley will officiate. Interment, South View cemetery. Mur-

Selassie and Duce Agree To Resume Peace Overtures

League Council Wins Victory in Uphill Battle as Resolution Is Approved Providing for Revival of Conciliation Group.

SEPTEMBER PARLEY IS CALLED BY BODY

Ethiopian Ruler, Meanwhile Expresses Willingness To Meet Mussolini in Neutral Nation.

GENEVA, Aug. 3.—(AP)—The League of Nations gained a victory in its uphill fight to prevent a threatened war between Italy and Ethiopia tonight when both countries agreed to resume arbitration.

Resolutions were rushed through the council of the League providing that a conciliation commission, whose efforts to solve a border dispute recently bogged down, will go to work again, and calling a session of the council September 4 to discuss all angles of the quarrel.

The arbitration resolution was adopted by unanimous vote. The Italian delegate, abstained from voting on the resolution calling the council into session in September.

"The council decides to meet, in any event, September 4, to undertake a general examination in its various aspects of relations between Italy and Ethiopia," stated the second resolution.

Adoption of this course of procedure followed many hours of private negotiations by Anthony Eden, of Great Britain, Premier Pierre Laval, of France, and Baron Pompeo Aloisi, the Italian delegate.

Discussing the September meeting, Eden said "Great Britain will devote every effort to secure a specific settlement of the dispute. We realize the gravity of the issue and are mindful of our obligations as a member of the league."

CONFERENCE WITH DUCE SUGGESTED BY SELASSIE
ADDIS ABABA, Aug. 3.—(AP)—Ethiopia accepted today the League of Nations' formula to settle her quarrel with Italy.

After hours of study, Emperor Haile Selassie late this afternoon made this brief announcement:

"I have instructed my delegate to Geneva to accept the League's proposal."

CALIFORNIANS LYNCH
Suspect in Slaying

YREKA, Cal., Aug. 3.—(UP)—Frontier justice brushed the law aside today and exacted the extreme penalty of a lynch mob on a suspected slayer of a police officer.

A mob of about 75 men, traveling together in automobiles, swooped down on the Siskiyou county jail, picked Johnson out of a group of notorious prisoners and hanged him to a pine tree outside of Yreka.

Johnson was arrested Monday after the slaying of Chief of Police F. R. Dak, of Dunsmuir, a small Siskiyou mountain town 50 miles south of here. He was brought here for safekeeping.

Crops Saved as Rains Break Heat in Midwest

KANSAS CITY, Aug. 3.—(AP)—Rains broke the heat wave and helped bring crops to maturity in parts of the midwest.

Intermittent rain showers which have seen the summer's heat drive out of the region, have been seen in the Midwest.

At Kansas City, Mo., rain fell in Missouri, Kansas, Oklahoma and Iowa.

OIL LEAK FORCES RUSSIAN AVIATORS TO RETURN HOME

Fliers Abandon Moscow-to-San Francisco Flight Near North Pole and Fly to Leningrad Airport.

MOSCOW, Aug. 3.—(AP)—Oil trouble over the icy Barents sea thwarted tonight the ambitious attempt of three Russians to fly nonstop from Moscow to San Francisco, across the north pole.

Disappointed, the fliers turned about when over the southern part of the sea and headed for Leningrad. They landed at 10:30 p. m. (3:30 p. m., E. S. T.).

A defective oil line spoiled their dream of setting a new world's non-stop record in a 6,000-mile hop to the Golden Gate from Moscow.

A radio message, after eight hours of silence, said a line from the distributing tank began throwing off excessive quantities of oil and the crew was unable to discover the cause.

Unexpected Speed
They had made the first part of their flight—an 875-mile stretch from Moscow to the Barents sea—at an average speed of 108 miles an hour, considerably better than had been expected.

Taking off from Moscow at 6:03 this morning, (11:03 p. m. Friday, eastern standard time), the plane had reported its progress regularly until 2:25 this afternoon, when it embarked upon the flight over the sea, the most hazardous part of the journey.

Before turning back on their trail, the fliers asked permission of soviet officials here, which was immediately granted.

A commission was appointed to go to Leningrad and inspect the plane when it landed in an effort to determine the cause of the trouble.

Piloting the plane, the soviet-built St. S. 25, was Sigmund Levanevsky, Russian aerial hero. He was accompanied in the one-motored craft by Co-Pilot George Baidukoff and Navigator Victor Lychenkov.

The failure of the flight caused bitter disappointment here, but the general reaction was a belief Levanevsky was wise in turning back rather than risk a crash in the cold of the polar regions.

A spokesman at the American embassy issued a statement saying an American embassy learned with regret of the failure of Levanevsky's trip, and hopes this will not lead to abandonment of project of a flight to San Francisco.

A 1,600-mile stretch remained between the fliers and the north pole when they turned back. They would have had to cover an 1,050 miles from the pole to reach Prince Patrick island, the first land they would have seen on the North American continent.

PRISONERS' ESCAPE IN HEARD REVEALED

Six convicts fled from the Heald county convict camp near Franklin, Mo., Sunday night after Warden H. B. Smith was dismissed. Two recaptured here.

Graphic Story of Ethiopia Is Told In Constitution Magazine Today

As war clouds lower over Abyssinia, a nation in eastern Africa that has never yet felt the heel of the conqueror, the whole world turns to its maps and atlases, its encyclopedias and histories, seeking to know something of the geographic, historic and racial background of this country now dominating the news of the world.

For readers of The Constitution the story of Abyssinia or, as it is officially designated, Ethiopia, is told in the magazine section of today's paper.

The story deals particularly with past Ethiopian dealings with Italy, the nation that now seems determined to send its modern legions marching against the subjects of Emperor Selassie. It describes the conflicts and diplomacies, the agreements and treat-

C. OF C. AT MACON HITS VINSON FIGHT FOR BALL'S FERRY

Early Settlement Seen for Road Fund Row by Thomas MacDonald, Federal Highway Chief.

The Chamber of Commerce of the largest city at Macdonald's congressional district, Macon, yesterday called upon Congressman Carl Vinson to drop his fight for the Ball's Ferry bridge and to join others of the Georgia delegation in congress in their demands for the immediate release of the state's \$19,000,000 federal highway fund.

A. O. B. Sparks, president of the chamber, made public a resolution approved by that body's highway committee and executive in which the organization expressed "every confidence in the competency and efficiency of the Georgia Highway Department."

Early Settlement Seen
Meanwhile in Washington last night Thomas H. MacDonald, chief of the United States Department of Public Roads, indicated he was hopeful of "an early settlement" of the dispute, possibly early this week.

He did not elaborate on this statement, but added that no decision had been reached, either on the general situation or on the most recent compromise proposal of Senator George, who asked that all but \$300,000 of the \$19,000,000 fund be released with the former amount held in reserve for later construction of Ball's Ferry bridge.

Representative Vinson was awaiting the return of Secretary Wallace to the national capital to press his proposal for spending the federal allotment through direct negotiations with individual counties and municipalities.

Sparks said that copies of the resolution had been sent to Congressman Vinson in Washington as well as to Senators Walter F. George and Richard B. Russell, and other members of the Georgia delegation in the house of representatives. A copy also was forwarded to President Roosevelt and another to the State Highway Board.

Largest City in District
Macon is the largest city in the sixth congressional district and a city where Congressman Vinson usually receives strong political backing.

The resolution, drawn by the highway committee under the chairmanship of Albert Menard says that the belief of Ball's Ferry 57 to and from

Crops Saved as Rains Break Heat in Midwest

KANSAS CITY, Aug. 3.—(AP)—Rains broke the heat wave and helped bring crops to maturity in parts of the midwest.

Intermittent rain showers which have seen the summer's heat drive out of the region, have been seen in the Midwest.

At Kansas City, Mo., rain fell in Missouri, Kansas, Oklahoma and Iowa.

Graphic Story of Ethiopia Is Told In Constitution Magazine Today

As war clouds lower over Abyssinia, a nation in eastern Africa that has never yet felt the heel of the conqueror, the whole world turns to its maps and atlases, its encyclopedias and histories, seeking to know something of the geographic, historic and racial background of this country now dominating the news of the world.

For readers of The Constitution the story of Abyssinia or, as it is officially designated, Ethiopia, is told in the magazine section of today's paper.

The story deals particularly with past Ethiopian dealings with Italy, the nation that now seems determined to send its modern legions marching against the subjects of Emperor Selassie. It describes the conflicts and diplomacies, the agreements and treat-

Criminal Indictments May Result From Evidence in Divorce Hearing

Judge To Give Testimony Regarding Gambling, Liquor and Lotteries Told by Woman in Alimony Case, to Solicitor-General.

Declaring that the court would not consider money made in illegal businesses in awarding alimony in the case of Mrs. Day Selassie Bussey versus J. J. Bussey, Judge E. E. Pomeroy yesterday in Fulton superior court promised he would turn over to the solicitor-general evidences of gambling, liquor dealing and lottery operations which came out in a portion of the divorce hearings.

He said he would urge that both principals in the case be prosecuted for offenses, if any, and stated he would turn over to Solicitor-General John A. Boykin the names of a big downtown gambling place and a Peachtree street lunch and beer stand.

The judge also reduced alimony of \$450 a month awarded Mrs. Bussey by Judge Hugh M. Dorsey to \$75 and cut the amount of attorney fees from \$250 to \$125.

Guyol Name Used
The sensational hearing, which brought out the name of Eddie Guyol, underworld character who was mysteriously shot to death recently in the driveway of his home, developed as the result of a plea by Bussey, through his attorney, Paul Carpenter, to have the alimony reduced.

Mrs. Bussey, in her original suit for divorce, said Bussey cleared \$500 a month profit for his share of the intake of the White Lantern, a drive-in sandwich and beer stand at Peachtree and Twelfth streets.

She testified she worked as cashier at the place while she was married to Bussey and that the stand made \$500 for him every month through the sale of liquor, beer and food.

The woman also told of the night which preceded her separation from Bussey, saying he saw her in a restaurant downtown and choked her. He then went across the street, she said, to a gambling house.

On Luckie Street
Judge Pomeroy questioned her closely about the alleged gambling den and established the fact it was on the second floor of a building on Luckie street near the Ship Ahoy restaurant and across the street and in the same block as the Robert Fulton hotel. Both Mrs. Bussey and Bussey denied they knew the number of the place. Mrs. Bussey told the judge the name of one man connected with it, however.

Her lawyer, William Selley Howard, brought out from Bussey that the

CHIEF ANNOUNCES POLICE 'SHAKE-UP'

Officers Reassigned as "Clean-Up" Result; New Vice Squad Is Named.

The most drastic shake-up of the Atlanta police department in recent years was announced yesterday by Chief of Police T. O. Simmons, Jr., after an extra session of the state legislature yesterday after Judge E. E. Pomeroy in Fulton superior court denied a petition for an injunction to restrain the state from paying \$333,333 to the board of regents of the University System of Georgia.

Almond demands special assembly session to pass appropriations bill.

Asserting that Governor Talmadge had no authority to run the state without a general appropriation bill, Representative Bond Almond demanded an extra session of the state legislature yesterday after Judge E. E. Pomeroy in Fulton superior court denied a petition for an injunction to restrain the state from paying \$333,333 to the board of regents of the University System of Georgia.

Almond, who represented A. S. Stene, president of the Georgia Federation of Labor, and other officers and members in the injunction plea to stop payment of the fund to the regents by State Treasurer George H. Hamilton and Comptroller General William B. Harrison.

The legislature failed to pass a general appropriation bill yesterday, and the amounts which state agencies may spend during 1936 and 1937 and Almond and the petitioners claimed the state treasury had no right to pay the regents the sum. The petition asserted that any surplus would have to go to the common schools under the law.

To Appoint Decision
Nance and Almond announced that the denial of Judge Pomeroy would be appealed to the supreme court of Georgia and a final settlement would be sought at the earliest possible moment. Judge Pomeroy granted a summary judgment restraining payment of the \$333,333 for 10 days. "The money will continue to be tied up when the appeal is filed."

Almond said the Governor can't levy an ad valorem property tax and collect it without an appropriation bill. The general assembly, he said, must anticipate the cost of running the state government during 1936 and 1937 in an act fixing the amount of money to be paid to the state agencies for operation during that period.

Citing from the 1933 Georgia code, Almond said the ad valorem must be "sufficient to raise a net amount of \$100,000 as a sinking fund" to pay off the state's debt.

He said if the legislature fails to enact a general appropriation bill, the counties cannot levy and collect a property tax, because the law says ad valorem taxes assessed and collected by local authorities must be based on a percentage of the rate levied by the state to pay governmental cost expenses.

Members of the executive board of

F. D. R. APPROVAL GIVEN SEWER FUND FOR ATLANTA AREA

Definite Announcement Is Due Tomorrow; Allocation of \$4,599,079 by WPA Must Be Matched.

By GLADSTONE WILLIAMS.
WASHINGTON, Aug. 3.—President Roosevelt has approved the \$4,599,079 WPA allocation for modernization of the sewer system of metropolitan Atlanta, it was reported authoritatively today, and definite announcement is expected Monday.

Construction of sanitary sewers and sewage disposal plants is contemplated from the fund. It is contemplated that the city will provide \$1,000,000 to match the federal allocation, and that Fulton county and other governmental subdivisions will provide another \$379,139.

The WPA contribution is contingent on the local governments providing a total of \$1,379,139, and if it is not forthcoming, it is reliably reported here that the offer of WPA will be withdrawn and that the fund will be expended for other purposes.

Will be constructed to convey the sewage to disposal plant sites, if the program is consummated. Plans also provide for construction of a large plant to care for disposals in the Peachtree and Proctor creek drainage areas.

Another plant would be built on South river to serve that territory; Entrenchment creek plant would be enlarged to make it adequate to handle the heavy load it is now attempting to care for and to provide for future needs from it and also from Sugar creek; another plant also would be constructed to serve the Little Creek drainage area, under the schedule and several other smaller plants to serve minor isolated areas.

It also is forecast that several other Georgia projects will be included in the release, which it is said will be made Monday.

Federal authorities and the administration are heading their efforts to make the WPA program operative as rapidly as possible. The Atlanta sewer system has commanded the sympathy of those in charge of the funds, and it is contemplated that the government is now ready to co-operate fully to aid the metropolitan section to modernize the sewer system as a health measure.

UNIVERSITY FUND INJUNCTION DENIED

Almond Demands Special Assembly Session To Pass Appropriations Bill

Asserting that Governor Talmadge had no authority to run the state without a general appropriation bill, Representative Bond Almond demanded an extra session of the state legislature yesterday after Judge E. E. Pomeroy in Fulton superior court denied a petition for an injunction to restrain the state from paying \$333,333 to the board of regents of the University System of Georgia.

Roll Call Vote On Bill Delayed Over End of Week

M'NARY PREDICTS END OF CONGRESS WITHIN 2 WEEKS

At Least Seven of Major Measures Now Awaiting Will Be Scrapped, Oregon Republican Avers.

WASHINGTON, Aug. 3.—(AP)—A republican leader who knows congress looked over the 17 major bills awaiting final action today and predicted at least seven would be scrapped to permit an adjournment in two weeks—or August 20 at the latest.

"Once the senate passes the tax bill," said Senator McNary, of Oregon, minority floor leader, "they won't be able to hold a quorum. They'll break out of that corral like a fighting bull."

Friends of Vice President Garner said the Texas also felt adjournment in the air.

Senator Robinson, the democratic leader, was still convinced congress would be "fortunate" to get through by August 20, although the 17th was the goal. President Roosevelt has a speaking engagement at Milwaukee the 23d and he wants to keep it. The executive must be in Washington to sign last-minute bills.

"Doubtful" Measures
Here are the bills McNary placed in the "scrap or doubtful" column: Utility holding company abolition; ship subsidy; Guffey-Snyder coal regulation; bus and truck regulation; food, drugs and cosmetics control; NRA wages, hour and child labor requirements for government contractors and the limitation on war profits.

Democratic leaders would not agree in advance which bills would be permitted to go by the boards until next session. They still felt there was a chance for working out a compromise on the utility measure and possibly the health taxes; social security; AAA amendments; banking reform; \$300,000,000 second deficiency appropriations; TVA amendments; gold clause suits; rivers and harbors improvements; liquor control and air mail law changes.

Tax Bill Road Open
With congress now in its eighth month and house passage of the \$270,000,000 tax bill expected Monday, McNary said there would be a "general disposition" not to delay that measure unduly in the senate.

He looked for attempts to broaden the tax base and possibly to tack on

Prince Abdul Kerim Ends Life in Gotham

NEW YORK, Aug. 3.—(AP)—Death came today to a 30-year-old Prince Abdul Kerim, grandson of the Sultan Abdul Hamid Khan II, who ruled the Ottoman empire from 1876 to 1909—committed suicide early today in a Broadway hotel room.

The body was found in bed, legs crossed, with a note pinned to the chest. A three-page letter, written in Turkish, was found in the room, addressed to Police Commissioner Lewis J. Valentine.

It was taken to headquarters after translation. Police authorities, after their investigation, announced the prince shot himself to death.
